Thomas,2018-06-21 Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering

more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

Integrating Art and Language Arts Through Children's Literature Debi Englebaugh, 2003-01-28 Connecting art and language arts, this guide offers creative lessons for more than 140 favorite children's books, most of which have been published within the last 10 years. The lessons help teachers inspire young students to create art projects related to a book's story. In the first part of the book, the author explains more than 50 art techniques that can be used with almost any book, including batik, collage, decoupage, paste paper, and sponge painting. The second part of the book provides teachers with a wealth of illustrated lessons. Each lesson includes the book's title, the art project, a brief description of the story as it relates to the art project, supplies, instructions, bibliographic information, and a list of relevant Web sites. Children's Books include:

- Araminta's Paint Box • Arthur's Pet Business • Birdsong • Charlotte's Web • Dear Peter Rabbit • Harry Potter and the Goblet of Fire • Milo and the Magical Stones • Rechenka's Eggs • Where the Sidewalk Ends
