*Memoria de la guerra y del franquismo* Paloma Aguilar Fernández, 2006 Relato que trata más de memorias que de memoria, de los olvidos y silencios, o de lo que se quiere recordar y de lo que se echa al olvido. A pesar de toda la confusión levantada durante los últimos años en torno a la amnesia colectiva y el olvido de la Guerra Civil y del franquismo, de los que habría estado enferma nuestra sociedad, lo cierto es que su presencia no ha dejado de estar nunca en la memoria de los españoles. Los rastros de esa memoria son múltiples y abarcan un amplio campo: desde los medios de comunicación a las obras de creación artística, de la novela a las secciones de opinión de los periódicos, del cine a las revistas culturales, de las series de televisión a los reportajes. Se trata lógicamente más de memorias que de memoria, más de las cambiantes representaciones del pasado según los sujetos que recuerdan que de una construcción impuesta y compartida por el conjunto de la sociedad; se trata también de la otra cara de la memoria, de los olvidos y silencios o, más exactamente, de lo que se quiere recordar - y quién quiere recordarlo - y de lo que se echa al olvido, y por qué. Este libro bucea en esas diversas memorias con un propósito: abandonar el terreno de las afirmaciones genéricas y desbrozar el de los contenidos concretos. Esto exige un trabajo distinto de investigación: averiguar qué recuerdan los españoles cuando hablan de la guerra y de la dictadura, cómo se ha transformado después de setenta años, su representación -o representaciones- de aquel tiempo, qué han tratado de transmitir y cuál ha sido la intención de los transmitido sobre un periodo tan traumático como la Guerra Civil

y el primer franquismo.

*Historiografía escolar española* Rafael Valls,2007 Aborda la forma en que los textos escolares de Historia fueron definiendo los rasgos más característicos en los últimos 150 años. Sus capítulos iniciales constituyen una aproximación a lo que podría denominarse la historia de la historiografía escolar española de los siglos XIX y XX. Los capítulos finales se centran en las características más destacadas de los manuales de Historia más recientes.
