The Hidden Scrolls Neil Asher Silberman, 1996 A provocative new version of the mystery of the Dead Sea Scrolls: the revolutionary rage and passionate belief that led to their creation and the conspiracy of scholars who have tried to suppress their message. (Silberman's) depiction of the interplay between ancient history and its manipulation by nations, quacks, and petty academics is terrific.--Kirkus Reviews.

The Scroll of Secrets Zvi Mark, 2010 Concealed for two centuries and known only to a select individual in each generation, the Scroll of Secrets is the hidden Messianic vision of R. Nachman of Breslav. Despite its being written in an encoded language, with acronyms and abbreviations, after a clarification and cautious reconstruction of what can be decoded, the author has prepared a volume that presents the reader with an exalted Messianic vision. The book marks a turning point in our understanding of R. Nachman's spiritual world and initiates a renewed discussion of an intriguing Hasidism that excites scholars and broad circles within the Jewish and Israeli publics. The reader is presented with a sublime and enticing vision of the eschatological End of Days that contains song and prayer, Torah, melodies, longings, and love and compassion for every man.
