Dictators in Cartoons Tony Husband, 2016-05-25 What is it that makes dictators fear cartoonists? The answer is that they can't stand to be ridiculed. Cartoonists may not be able to topple tyrants or change the course of history, but they can lessen the climate of fear and bring courage to the victims of state bullying with their subversive drawings. In this book, you'll find dictators and wielders of power transformed into midgets, hotel porters, moustachioed horses, even a humble pear. Figures include: • Hitler • Stalin • Mussolini • Franco • Mao Zedong • Robert Mugabe Written by renowned cartoonist and commentator Tony Husband, this shrewd and funny pictorial history traces the fightback led by artists against tyranny and its figureheads.

A Cartoon History of Our Times David Low, 1939 By reason of the events that occurred during the span of time this book covers, it might be described as a pictorial history of the world from the depths of the depression to the collapse of the Munich Accord. Few chroniclers of recent times who use the typewriter as their medium have analyzed these events as shrewdly as Low has in pen and ink. But because most of us do not remember all the surrounding dates and details even of what happened only yesterday, I have taken the liberty of writing for each cartoon a short factual commentary.--Introduction.
