Judd E. Hollander

Blindness José Saramago, 1999 A stunningly powerful novel of man's will to survive against all odds, by the winner of the 1998 Nobel Prize for Literature. This is a shattering work by a literary master.--The Boston Globe A New York Times Notable Book of the Year A Los Angeles Times Best Book of the Year A city is hit by an epidemic of white blindness which spares no one. Authorities confine the blind to an empty mental hospital, but there the criminal element holds everyone captive, stealing food rations and raping women. There is one eyewitness to this nightmare who guides seven strangers--among them a boy with no mother, a girl with dark glasses, a dog of tears--through the barren streets, and the procession becomes as uncanny as the surroundings are harrowing. A magnificent parable of loss and disorientation and a vivid evocation of the horrors of the twentieth century, *Blindness* has swept the reading public with its powerful portrayal of man's worst appetites and weaknesses--and man's ultimately exhilarating spirit.

Making Sense of Diseases and Disasters Lee Trepanier,2022-07-31 This book examines diseases and disasters from the perspective of social and political theory, exploring the ways in which political leaders, social activists, historians, philosophers, and writers have tried to make sense of the catastrophes that have plagued humankind from Thucydides to the present COVID pandemic. By adopting the perspective of political theory, it sheds light on what these individuals and events can teach us about politics, society, and human nature, as well as the insights and limitations of political theory. Including thinkers such as Thucydides, Sophocles, Augustine, Bacon, Locke, Hume, Rousseau, Publius, Bartolomé de las Casas, Jane Addams, Camus, Saramago, Baudrillard, Weber, Schmitt, Voegelin and Agamben, it considers a diverse range of events including the plagues of Byzantium and 14th century Europe, 9/11, the hurricanes of Fukushima, Boxing Day, and New Orleans, and the current COVID pandemic. An examination of past, present, and future diseases and disasters, and the ways in which individuals and societies react to them, this volume will appeal to scholars of politics, sociology, anthropology and philosophy with interests in disaster and the social body.

Quicklet on JM Coetzee's Waiting for the Barbarians (CliffNotes-like Book Summary and Analysis) Sarah Lilton,2012-07-30 ABOUT THE BOOK How can I accept that disaster has overtaken my life when the world continues to move so tranquilly through its cycles?- The Magistrate Waiting for the Barbarians is JM Coetzee's third novel and was published in 1980. It quickly garnered popular and critical attention for the relatively young South African author. It was awarded the CNA Prize (South Africa's top literary award), the Geoffrey Faber Memorial Prize (Britain's literary prize for authors under

40), and the James Tait Black Memorial Prize (Scotland's top publishing award as well as one of the oldest literary awards in the UK). This short but powerful novel was written during the time that Coetzee taught literature at the University of Cape Town in South Africa. He had returned to his native country in 1972 after the United States government.. EXCERPT FROM THE BOOK He is fascinated with uncovering the mysteries of this ancient town, and speculates on the possible ends their civilization came to. Did they succumb to the barbarians of old and die encamped within the walls? The Magistrate is not overly ambitious, and yet it soon becomes clear that even his modest hopes will prove extravagant. "When I pass away I hope to merit three lines of small print in the Imperial Gazette," he says. "I have not asked for more than a quiet life in quiet times." Despite the Magistrate's temperate inclinations, he proves to be a ruthless observer of both his own nature and that of those he encounters. His awakening consciousness is unsparing and brutal as it systematically uncovers and destroys his illusions about life and the world. The sleepy frontier town, not even having facilities for prisoners, has idled along without event under the Magistrate's stewardship, but has come recently to the Empire's attention as stories of unrest among the barbarians have stirred the officials of the Third Bureau of the Civil Guard into action. The barbarian tribes, who are fishing people and aboriginals living a nomadic lifestyle on the edges of civilization, are rumored to be arming and organizing against the Empire. Colonel Joll and his men, the "doctors of interrogation," come to the frontier with a particular theory of interrogation, "First I get lies, you see—this is what happens—first lies, then pressure, then more lies, then more pressure, then the break, then more pressure, then the truth," Joll explains. "That is how you get the truth." The Magistrate comments dryly, to himself: "Pain is truth, all else is subject to doubt." Noting that about once every decade there is an eruption of hysteria about the barbarians, the Magistrate does his best to accommodate the Third Bureau, but finds himself impelled towards an inevitable confrontation with the powers he has served with a half-indifferent complacency for so many years...
