Golden Years or Golden Tears Lone Jensen,2012-06-07 Humour is an effective coping strategy and can be used for self care, staff care or patient care. By developing strategies to bring more laughter into your life, you help reduce stress, improve your focus and effectiveness, enhance your communication and creative problem solving, build morale and strengthen your relationships and overall health. The best evidence that humour boosts the immune system comes from studies where immune system measures are taken before and after a particular humorous event usually a comedy video. Laughter allows the brain to secrete cerebral endorphins (a pleasure hormone that has a relaxing effect). Several biochemical reactions are set in motion when we laugh. The lungs take in two to three times as much air and approximately 400 million pulmonary vesicles become dilated. Laughing before eating makes the digestive system secrete enzymes that make it easier to digest food. When we laugh, the spleen sends a flow of red blood through the body to strengthen it. The pancreas also increases the secretion of insulin. Laughing even has an impact on the immune system. After someone has laughed, the white blood cell level increases. How much time do you set aside for laughter in an average day? (By this I mean laughing so hard it hurts!) You may be surprised to learn that only a tiny part of the day (an average of two minutes) is spent laughing, even though laughter is the best antidote for stress! Laughter is a powerful antidote to stress, pain, and conflict. Nothing works faster or more dependably to bring your mind and body back into balance than a good laugh. Humour lightens your burdens, inspires hopes, connects you to others, and keeps you grounded, focused, and alert.

They find parking spaces, honor their credit cards, get married, have children, and call that maturity. What that is, is aging. Wondering whether your doctor's actually out of diapers yet? Giving some thought to measuring your age by laughter lines rather than birthdays? Remember when it was several rooms per computer, and not vice-versa? Still, it could be worse. At least you've

The thing is, when it comes to aging, there's no time off for good behavior. So you might as well settle back with this excellent selection of humor and insight - collected by the author and have some fun. Inside, you'll find wit and wisdom on all manner of topics related to getting older, divided into convenient categories for your every whim. With over a thousand quotes and jokes, you're in for a great time.

The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book.
