Emilia Di Martino, Bruna Di Sabato

Studying Language through Literature Emilia Di Martino, Bruna Di Sabato, 2014-11-10 Studying Language through Literature invites readers to reconsider the opportunity represented by literary texts for language-related purposes. Despite the close relationship between literature and language in educational contexts, literature is frequently associated with teaching practices which have been judged to be unsuccessful. Subsequently, texts of the non-literary type are preferred, on the basis that they are 'authentic' and closer to 'real' language. The everlasting relationship between language and literature is here reassessed starting from two assumptions: literature is the expression of an emphasized perception of reality – be it private, collective, or pertaining to a certain temporal/spatial context; and literary language is language in its utmost form. Following an outline of the philosophy that governs the book, each chapter presents specific insights on the use of the various different literary genres: namely, fiction, poetry and drama. The opportunities offered by translation in the foreign language classroom constitute a recurrent theme throughout the book, although Chapter 5 is entirely devoted to translation criticism. The closing pages put forward a few reflections on assessment. While offering some food for thought in order to reassess the role of literature in the language class, this book puts together ideas, considerations and suggestions from which the reader is free to pick, mix and adjust, exploiting them to her/his greatest benefit.

La sovrana lettrice Alan Bennett, 2011-11-18 T00:00:00+01:00 La fin troppo seria malattia della lettura, come solo un grande comico poteva raccontarla.

Una lectora nada común Alan Bennett, 2008-04-01 Si sus célebres perros hubieran respondido a su llamada, la reina no habría descubierto el vehículo de la biblioteca móvil del ayuntamiento aparcado junto a las puertas de las cocinas del palacio, en el lugar menos regio de los jardines. Y no habría conocido a Norman, el joven y pelirrojo pinche de cocina que estaba leyendo un libro de Cecil Beaton e iba a constituirse en su peculiar asesor literario. Pero ya que estaba allí, la reina decide llevarse un libro. ¿Y qué puede interesar a alguien cuyo único oficio es mostrarse interesada? Porque una reina nunca debe ser interesante, ni tener otros intereses que los de sus súbditos. Y jamás habla de sus gustos, sólo pregunta por los de ellos. Isabel II de Inglaterra descubre en los estantes de la biblioteca el nombre de una escritora que conoce, Ivy Compton-Burnett. Tiempo atrás le había concedido un título nobiliario menor, y recordaba su tan singular peinado. Y de Compton-Burnett a Proust, que leerá en una de sus estancias en Balmoral, y de Proust a Genet, cuya sola mención hará temblar al presidente de

Francia, sólo median algunos libros. Así, azarosamente, ella, que hasta entonces sólo había sido una reina, una pura entelequia, un lugar vacío ocupado por una fuerte idea del «deber», descubrirá el vértigo de la lectura, del ser, del placer. Alan Bennett, que desde 1960 se pasea de la televisión al teatro, del cine a los libros, de la alta a la baja cultura, continúa, para deleite de sus lectores, saltándose todos los límites con esta miniatura exquisita, mordiente y divertida.
