Western Balkans National Geographic Maps - Adventure, 2018-02-15 - Waterproof - Tear-Resistant - Travel Map The Western Balkans region, an adventure playground and rising star of Europe, is loaded with Old World traditions, slow food culture, ancient towns, and rarely visited villages. The area stretches from the Adriatic Sea in the west, up and over mountain ranges, raging rivers, tectonic lakes, steep gorges, and thousands of miles of paths, trails, and routes. Discover eight countries--all with their special brand of Balkan magic: Slovenia, Croatia, Bosnia and Herzegovina, Montenegro, Albania, Serbia, Kosovo, and Macedonia. National Geographic's Western Balkans Adventure Map will meet the needs of travelers with its detailed and accurate information. The map includes the locations of UNESCO World Heritage sites and exotic places to discover, including Slovenia's Triglav National Park, the walled city of Dubrovnik in Croatia, and the World Heritage Lake Ohrid in Macedonia. The map comes with a user-friendly index and clearly marked road network complete with distances and designations for roads/highways, plus secondary routes for those seeking to explore off the beaten path. Start your adventure with a few days, weeks, or months on the 1,200-mile Via Dinarica Trail that traverses the region through the Dinaric Alps and the Sharr Mountain Range. While on the trail--or off--visit one of the many premier national parks: the waterfalls of Plitvice in Croatia; the mountainous Durmitor in Montenegro; Serbia's lush and green Tara, Theth National Park with epic views across the Albanian Alps, and the historic Sutjeska park in Bosnia and Herzegovina. And when it's time for a break, the Balkans are known for their cuisine. Farm-fresh vegetables across Macedonia, savory pastries slow-roasted over an open flame in Kosovo, and delectable seafood up and down the Adriatic coast pairs perfectly with delicious red and white wines from across the entire region. The northern and western portions of the region--stretching from Slovenia, down Adriatic coast, and including Croatia, Montenegro, and Albania--are shown on the front side of the map. The reverse side provides details about the countries on the eastern half of the Western Balkans: Bosnia and Herzegovina, Serbia, Kosovo, and Macedonia. It overlaps the front side, roughly, along the peaks of the Dinaric Alps, which run diagonally from Slovenia to the border between Kosovo and Albania. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough -- capable of withstanding the rigors of international travel. Map Scale = 1:800,000 Sheet Size = 25.5 x 37.75 Folded Size = 4.25 x 9.25

Maps in the Service of the Nation Gábor Demeter, Zsolt Bottlik, 2021-01-01 The authors seek to answer whether the

ethnic maps of the Balkan Peninsula created between 1840 and 1914 can be considered scientific products, or whether these maps were merely tools that served the political goals of the Balkan nation states and the regional agenda of the Great Powers. Despite evident methodological progress, maps were often contradictory indicating that propaganda purposes played an important role during their preparation. The book investigates (1) the discrepancy between statistical data and their visualization on maps; (2) the reliability of Ottoman statistics and their Western and Balkan interpretations; (3) the adequacy of applied visualization techniques; and (4) the difference between the quality and content of maps created for the public and those created for political decision-makers. The authors apply interdisciplinary methods to deconstruct approximately one hundred maps analysing their background data, visualization techniques, and intentions behind the maps. Then, they redraw fifty maps with unified categories and scaling to promote comparison applying a different visualization technique.

The Balkans Beyond Nationalism and Identity Pavlos Hatzopoulos, 2007-12-19 For decades, we have come to accept that nationalism formed the basis of the modern history of the Balkans. In this bold and controversial study, Pavlos Hatzopoulos turns this assumption on its head. Through a ground-breaking examination of the non-nationalist ideologies in the Balkans during the interwar period, Hatzopoulos calls into question the supposedly inherent connection between the Balkans and nationalism and argues that nationalism does not form the sole ordering principle of the modern history of the Balkan region. Focusing on the ideologies of communism, liberal internationalism and agrarianism, Hatzopoulos examines how these interact with nationalist ideology. He demonstrates how non-nationalist theories challenge the nationalist view of the Balkans as the sum of several national spaces. He even questions the nationalist understanding of the very term 'the Balkans'. The Balkans Beyond Nationalism and Identity revisits contemporary debates on a region that is still a European crisis point and challenges the nation-centric understanding that permeates it. In proposing a description of 'the Balkans' as a contested political concept, the book argues for a completely fresh interpretation of the region's composition.

Geography of the War Samuel Bannister Harding, William Ezra Lingelbach, 1918

The Palgrave Concise Historical Atlas of the Balkans Dennis P. Hupchick, Harold E. Cox, 2001-09-22 The dramatic, tumultuous, often tragic human events that erupted in the Balkan Peninsula following the collapse of communism between 1989 and 1991 have captured the Western world's attention throughout the past decade. The Palgrave Concise Historical Atlas of the Balkans provides 50 two-color, full-page maps, each accompanied by a facing page of explanatory text. These

maps illustrate key moments in Balkans history in a way that is immediate and comprehensible, making it come alive. Students will regard it as a useful reference, and general readers will enjoy it for its clarity and wealth of information.
