**Horror Culture in the New Millennium** Daniel W. Powell,2018-11-23 Horror Culture in the New Millennium: Digital Dissonance and Technohorror explores the myriad ways in which technology is altering the human experience as articulated in horrific storytelling. The text surveys a variety of emerging trends and story forms in the field, through both a series of critical essays and personal interviews with scholars, editors, authors, and artists now creating and refining horror stories in the new millennium. The project posits a rationale for the presence of technohorror as a defining concern in contemporary horror literature, marking a departure from the monstrous and spectral traditions of the twentieth century in its depictions of frightful narratives marked by the qualities of plausibility, mundanity, and surprise as we tell stories about what it means to be human. As our culture explores the dichotomies of the born/made, natural/artificial, and human/computer—all while subsumed within a paradigm shift predicated on the transition from the traditions of print to emerging digital communications practices—these changes form the basis for horrific speculations in our texts and technologies. Ultimately, Digital Dissonance: Horror Culture in the New Millennium explores that paradoxical human attraction for peering into the darkness as translated through our lived experiences in an era of rapidly evolving technologies.

*There's Always More to Every Story* Donald Marshall,2022-02-22 “God moves in a mysterious way, His wonders to perform,” wrote poet William Cowper. And according to the Bible, God’s wonders never cease. God works in and through usHis image bearersas He carries out His perfect will. They say that truth is stranger than fiction, and in this book of true stories, the reader will definitely discover some strange things. But they’ll also find others which are encouraging, helpful, motivating, inspirational, challenging, and thought-provoking. And these true stories are meant to be informative, expanding readers’ appreciation of the cultural richness this world affords, and the people who have contributed to its development. This the author sets out to do in an entertaining manner which invites readers to anticipate the surprise ending concluding each story. . . . because THERE’S ALWAYS MORE TO EVERY STORY!

Water Stewardship Pernille Ingildsen, 2020-06-15 Achieving true wholesome sustainability requires a change of heart.  
Hence this book starts in the heart. It asks the timely question of 'how do we become true water stewards?' The  
transformation to a new sustainable practice will be made through a new connection with our heart, a more holistic type of  
analysis (brains) and the right actions based on personal integrity (hand). A water steward should be similar to the shepherds  
of olden days. They were given the responsibility to guard the sheep. The village trusted they would take care of the flock,  
make sure it would be well fed, protected from storms and kept together. The shepherd learned to take a long term  
perspective for the flock, ensuring that the pastures were not overgrazed, that the flock was not led too far away from access  
to water and that shelter was in reach in the event of storms and dangerous predators. Over time the shepherds became  
increasingly skilled in caring for the flock. They integrated the responsibility of the well-being of the flock into their identity.  
In a similar way, we can take the responsibility for human water consumption and our interaction with the natural world. We  
need to understand and work according to the big picture and the very long term perspective. Being a water steward  
requires deep reflection of how water should be treated and our relationship with water. Water utility professionals have the  
knowledge and have been trusted with the role of managing human water consumption. This is a great responsibility and  
requires deep reflection of how this should be done. The book will present ideas and concepts for the new role as well as  
questions for personal reflection.

Sticking Points Haydn Shaw, 2013-07-22 This is the first time in American history that we have had four different  
generations working side-by-side in the workplace: the Traditionalists (born before 1945), the Baby Boomers (born  
1945-1964), Gen X (born 1965-1980), and the Millennials (born 1981-2001). Haydn Shaw, popular business speaker and  
generational expert, has identified 12 places where the 4 generations typically come apart in the workplace (and in life as  
well). These sticking points revolve around differing attitudes toward managing one's own time, texting, social media,  
organizational structure, and of course, clothing preferences. If we don't learn to work together and stick together around

these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. Sticking Points is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another's language and get better results together.

**The Thomas Ligotti Reader** Darrell Schweitzer,2003 Ever since the first edition of Thomas Ligotti's 'Songs of a Dead Dreamer' appeared in 1985, it was clear that here was an author of extraordinary brilliance and originality. In following years there has been a great deal of interest in the author and his works, although, until now, articles about him have mostly been scattered in obscure journals. Now, at last, here is a book about him, a symposium of explorations and examinations of the Ligottian universe by such leading critics as S.T. Joshi, Stefan Dzimianowicz, Robert M. Price. With a complete, up-to-date bibliography of Ligotti's work, two interviews with him, and even a fascinating essay by Ligotti himself.

More Ghost Stories M. R. James,2004-01-01 You mean something startled you. Was it anything you thought you saw? Not much \_thinking\_ in the case, I'm afraid. Yes, it was something I saw. You remember when you called the first time at the library? Yes, of course. Well, now, let me beg you not to try to describe it -- it will not be good for you to recall it, I'm sure. But indeed it would be a relief to me to tell anyone like yourself: you might be able to explain it away. It was just when I was going into the class where your book is -- Indeed, Mr. Garrett, I insist; besides, my watch tells me I have but very little time left in which to get my things together and take the train. No -- not another word -- it would be more distressing to you than you imagine, perhaps. Now there is just one thing I want to say. I feel that I am really indirectly responsible for this illness of yours, and I think I ought to defray the expense which it has -- eh? \* Includes A School Story, The Rose Garden, The Tractate Middoth, Casting the Runes, The Stalls of Barchester Cathedral, Martin's Close, and Mr. Humphreys and His Inheritance.
