Up Your Score: ACT, 2018-2019 Edition Chris Arp, Jon Fish, Zack Swafford, Ava Chen, 2017-09-19 Fully updated to reflect the most current version of the ACT, *Up Your Score: ACT* remains the test prep and survival guide that kids will actually want to use. Written by Chris Arp, a Princeton graduate and top ACT tutor—with the help of four students who aced the test (and went on to the colleges of their choice)—it's a true insider's guide, filled with effective strategies and tips, delivered with the attitude, smarts, and wit that make *Up Your Score* the bestselling alternative test-prep series in print. ■ Crush the reading section by developing the Five Habits of Lean Forward Reading. ■ Master the math section through techniques like “plugging in,” an amazing trick that simplifies all algebra word problems. ■ Annihilate the English section by absorbing six key punctuation and nine essential grammar rules. ■ Sail through the science section by understanding that it actually tests reasoning. ■ Plus, the latest information on ACT scoring and the essay test, revised in 2015 to be more open-ended and analytical.

Up Your Score: ACT, 2014-2015 Edition Chris Arp, Ava Chen, Jon Fish, Zack Swafford, Veritas Tutors and Test Prep, 2013-07-30 Yes, kids, there is an alternative to the big, bad SAT—it's called the ACT. And yes, there's now an alternative to the big, bad, boring ACT study books: *Up Your Score: ACT*, the prep and survival guide with attitude. Like *Up Your Score:*

SAT, Up Your Score: ACT is the underground guide for the 1.65 million kids who take the ACT every year (more than take the SAT). It's written by Chris Arp, age 26, a Princeton graduate, along with his colleagues at Manhattan's prestigious Veritas Test Prep company and three high school seniors who each scored an ACT-perfect 36. They take the guerrilla guide Up Your Score approach of combining a thorough knowledge of how the test works and the subjects it covers with for-student, by-student tips and strategies; lively pop culture references and jokes; and a fresh knowledge of what it's like to actually take the test. Ace the reading section by developing the Five Habits of Lean Forward Reading, including Treat reading like a conversation and Pay attention to direction words. Master the math section through techniques like "plugging in," an amazing trick that simplifies all algebra word problems. The ACT is heavy on grammar, so the book delves into commas, semicolons, pronouns, transitions, and more. It covers the science the way the test does—showing how to use science reasoning. Plus—how to make GameFace Quintuple Sugar Blast Bars for that needed burst of energy.

Marked by Love Tim Stevens, 2018-10-01 What does it mean to be Marked by Love? The more I peel away the rules and expectations and exhausting obligations, the more I find the love of Jesus. These things don't peel away easily—more like a price tag that you pick off in a million tiny pieces. But with every scrap removed there is exposed a treasure of love that was there the whole time—disguised and hidden by religion. -- Tim Stevens ### Jesus said the one thing that would set his disciples apart from others...they would be known by their love for each other. No tattoo. No uniform. No team colors or logos or code words. The one thing that would mark the followers of Jesus—love. Consider. . . How would I treat someone who I disagree with in a political discussion if I ran everything I said through a filter of love? How would I treat the family member who drives me crazy if I were marked by love? What would be different about my social media posts or comments if I really loved the people I was responding to or writing about? How would I talk about or act toward the LGBTQ community if I was actually following in Jesus' steps? This is real life stuff. Join seasoned author Tim Stevens as he walks you through 31 story-driven chapters that will challenge and encourage you to filter every thought, behavior, word, and action through a lens of love. If you've ever been discouraged by Christianity—whether you're a lifelong churchgoer or you gave up on religion a long time ago—Marked by Love will be a game-changer in your faith journey.

Sex and Gender in Pop/Rock Music Walter Everett, 2023-05-04 Following the 1960's sexual revolution, rock and pop have continued to map the societal understanding of sexuality, feminism, and gender studies. Although scholarship has well established how early rock and roll encouraged and affected issues of sex in the baby boomer generation, this book asks how subsequent pop music has maintained that tradition. The text discusses the gendered performances and biographical experiences of individual musicians, including Patti Smith, Rufus Wainwright, Etta James, and Frank Ocean, and how their invented personae contribute to musical representations of sexuality. It evaluates lyric structure and symbolic language of these artists, and overall emphasizes how pop music, while a commodity art form, reflects the diversity of human sex and

gender.
