**CH Cherryholmes**

Ecology and Classification of North American Freshwater Invertebrates James H. Thorp, Alan P. Covich, 2001-05-11 The First Edition of Ecology and Classification of North American Freshwater Invertebrates has been immensely popular with students and researchers interested in freshwater biology and ecology, limnology, environmental science, invertebrate zoology, and related fields. The First Edition has been widely used as a textbook and this Second Edition should continue to serve students in advanced classes. The Second Edition features expanded and updated chapters, especially with respect to the cited references and the classification of North American freshwater invertebrates. New chapters or substantially revised chapters include those on freshwater ecosystems, snails, aquatic spiders, aquatic insects, and crustaceans. - Most up-to-date and informative text of its kind - Written by experts in the ecology of various invertebrate groups, coverage emphasizes ecological information within a current taxonomic framework - Each chapter contains both morphological and taxonomic information, including keys to North American taxa (usually to the generic level) as well as bibliographic information and a list of further readings - The text is geared toward researchers and advanced undergraduate and graduate students

*Three* Valérie Perrin, 2022-06-07 A June 2022 Indie Next List Pick From the international bestselling author of Fresh Water for Flowers, a beautifully told and suspenseful story about the ties that bind us and the choices that make us who we are. 1986: Adrien, Etienne and Nina are 10 years old when they meet at school and quickly become inseparable. They

promise each other they will one day leave their provincial backwater, move to Paris, and never part. 2017: A car is pulled up from the bottom of the lake, a body inside. Virginie, a local journalist with an enigmatic past reports on the case while also reflecting on the relationship between the three friends, who were unusually close when younger but now no longer speak. . As Virginie moves closer to the surprising truth, relationships fray and others are formed. Valérie Perrin has an unerring gift for delving into life. In *Three*, she brings readers along with her through a sequence of heart-wrenching events and revelations that span three decades. *Three* tells a moving story of love and loss, hope and grief, friendship and adversity, and of time as an ineluctable agent of change.
