IT'S ALL THE SAME David S Allred,2024-01-30 This could be the last self-help book you ever read! What would it take for you to be the person you are meant to be? Is it possible for you to have the life you really want? What if someone told you that you already have what you need? In our on-demand society, people seem to be waiting for a magic wand or quick fix to create better circumstances. It's likely that you also have a long list of things you would like to change about your life—and about yourself. Most people do. But what if you actually did something about it? Most people don't. Serial entrepreneur David Allred shares the very best of what he's learned from being a lifelong student of personal development in *All the Same*. After having studied with and been coached by some of the best-known business and personal development experts, he's identified the truths that have helped him build multiple thriving businesses. Inside *All the Same*, you'll find practical, applicable strategies that will empower you to: Focus on what matters most, so you can go after the life you've always wanted Find the people who can help you so you can be yourself (only better) Build authentic confidence to make yourself unstoppable This book isn't THE secret or a magic wand. *It's All the Same* is the tool that will equip you to discover the very best of who you are and what you can be starting today! What are you waiting for? David Allred is a serial entrepreneur and lifelong student of personal development. His varied career has spanned from financial advisor to deputy sheriff and a real estate broker, co-founder of several businesses, and play producer. From investments to justice to homes, employees, and thriving businesses, the common thread is David's focus on empowering people to get what they want or need to succeed. David splits his time between his homes in Florida and Provence, France, where he enjoys spending time with friends over good food and, of course, excellent wine.

Events in the Life of an Ordinary Man Richard R. Pariseau,2014-12-09 Dick Pariseau reveals the excitement, adventures,

and predicaments one can get into if one is afraid to miss anything, welcomes every opportunity, seeks excitement, and listens to ones poker buddies when they suggest new or unfamiliar areas to explore. He earned a PhD at night school because he thought decision makers would more readily accept his analysis if it was authored by a doctor. Denied the opportunity to play basketballhis most accomplished sportin college, he chose to play lacrosse and became a First Team All-American. Seeking an advantage over the competition at singles dances, he took dance lessons and ended up as a dance host and instructor aboard a cruise ship. Uncomfortable with the casual disrobing of the co-ed models at the university painting class, his poker buddies recommended that he get over it by spending time at a nudist camp. As an adventuresome traveler, he has sailed the Nile River and flown in a hot air balloon over the Valley of the Kings, gone hut-to-hut hiking in the Swiss Alps, and learned to throw a boomerang with the aborigines in Cairns, Australia. Be entertained by the adventures and humorous predicaments of this ordinary man, and use it as a catalyst to document the adventures in your life.

More of the Joy of Painting Robert H. Ross,1995-09-20 Following the success of his first book, *The Best of the Joy of Painting*, Bob Ross gathered sixty more of his favorite paintings to create *More Joy of Painting*. Now available in paperback, *More Joy of Painting* presents each painting in full color, followed by detailed instructions and a series of black-and-white photos to walk you, step-by-step, through the process of creating a Bob Ross original. So, whether you want a landscape of snowcapped mountains or a serene fall day, with *More Joy of Painting* you can create a beautiful work of art with the same ease and grace as Bob Ross.

Behind the Facade of Stalin's Command Economy Paul Gregory,2013-11-01 The red files revealed. Examining the period from the early 1930s through Stalin's death in 1953—the height of the Stalinist regime—this enlightening book reveals what we have learned from the archives, what has surprised us, and what has confirmed what we already knew. Most of the authors have worked with these archives since they were opened.

Arts-Based Teaching and Learning in the Literacy Classroom Jessica Whitelaw,2019-05-01 This book highlights the unique and co-generative intersections of the arts and literacy that promote critical and socially engaged teaching and learning. Based on a year-long ethnography with two literacy teachers and their students in an arts-based public high school, this volume makes an argument for arts-based education as the cultivation of a critical aesthetic practice in the literacy classroom. Through rich example and analysis, it shows how, over time, this practice alters the in-school learning space in significant ways by making it more constructivist, more critical, and fundamentally more relational.
