Critical Race Theory Kimberlé Crenshaw,Neil Gotanda,Gary Peller,Kendall Thomas,1995 In the past few years, a new generation of progressive intellectuals has dramatically transformed how law, race, and racial power are understood and discussed in America. Questioning the old assumptions of both liberals and conservatives with respect to the goals and the means of traditional civil rights reform, critical race theorists have presented new paradigms for understanding racial injustice and new ways of seeing the links between race, gender, sexual orientation, and class. This reader, edited by the principal founders and leading theoreticians of the critical race theory movement, gathers together for the first time the movement's most import essays. -- Back cover.

Gender Talk Johnnetta B. Cole,Beverly Guy-Sheftall,2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness? In this important new book, two of the nation's leading African American intellectuals offer a resounding and far-reaching answer to a question that has been ignored for far too long. Hard-hitting and brilliant in its analysis of culture and sexual politics, *Gender Talk* asserts boldly that gender matters are critical to the Black community in the twenty-first century. In the Black community, rape, violence against women, and sexual harassment are as much the legacy of slavery as is racism. Johnnetta Betsch Cole and Beverly Guy-Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender. *Gender Talk* examines why the "race problem" has become so male-centered and how this has opened a deep divide between Black women and men. The authors turn to their own lives, offering intimate accounts of their experiences as daughters,

wives, and leaders. They examine pivotal moments in African American history when race and gender issues collided with explosive results—from the struggle for women’s suffrage in the nineteenth century to women’s attempts to gain a voice in the Black Baptist movement and on into the 1960s, when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women. Along the way, they present the testimonies of a large and influential group of Black women and men, including bell hooks, Faye Wattleton, Byllye Avery, Cornell West, Robin DG Kelley, Michael Eric Dyson, Marcia Gillispie, and Dorothy Height. Providing searching analysis into the present, Cole and Guy-Sheftall uncover the cultural assumptions and attitudes in hip-hop and rap, in the O.J. Simpson and Mike Tyson trials, in the Million Men and Million Women Marches, and in the battle over Clarence Thomas’s appointment to the Supreme Court. Fearless and eye-opening, *Gender Talk* is required reading for anyone concerned with the future of African American women—and men.

New Black Man Mark Anthony Neal, 2015-02-11 Ten years ago, Mark Anthony Neal’s *New Black Man* put forth a revolutionary model of Black masculinity for the twenty-first century—one that moved beyond patriarchy to embrace feminism and combat homophobia. Now, Neal’s book is more vital than ever, urging us to imagine a New Black Man whose strength resides in family, community, and diversity. Part memoir, part manifesto, this book celebrates the Black man of our times in all his vibrancy and virility. The tenth anniversary edition of this classic text includes a new foreword by Joan Morgan and a new introduction and postscript from Neal, which bring the issues in the book up to the present day.

Applications of Feminist Legal Theory to Women's Lives D. Kelly Weisberg, Ronnie J Steinberg, 2009 This book, the second of two volumes, examines the pressing issues that affect women--pornography, prostitution, battery, rape, pay equity, sexual harassment, motherhood, abortion, adoption, new reproductive technologies--and considers them through the lens of feminist legal theory. It features more than sixty articles by well-known legal scholars and feminists. The contributions are arranged thematically and include an introduction and comprehensive literature review by the editor. *Applications of Feminist Legal Theory to Women's Lives* will be a valuable text for students, a resource for scholars and policy makers, and a useful

introduction for general readers.

One More River to Cross Keith Boykin, 1996 In organizing the 1993 March on Washington for gay and lesbian rights, leaders of the gay community consciously paralleled Martin Luther King's historic 1963 March on Washington and proclaimed their mission was a simple matter of justice. In response, black leaders and ministers across the country challenged any comparison between blacks and gays as offensive and irrational. In *One More River to Cross*, Keith Boykin clarifies the relationship between blacks and gays in America by portraying the common ground lives of those who are both black and gay. Against a historical backdrop of civil rights and the black experience in America, Boykin interviews Baptist ministers, gay political leaders, and other black gays and lesbians on issues of faith, family, discrimination, and visibility to determine what differences-- real and imagined-- separate the two communities. Boykin points to evidence of African and precolonial same-sex behavior, as well as figures like James Baldwin and Bayard Rustin, to dispel the myth that homosexuality is a white thang, while his research suggests that blacks are less homophobic than whites, despite the rhetoric of rap and religion. With stories from his own experience as well as that of other black gays and lesbians, Boykin targets gay racism and black homophobia and suggests that conservative forces have substituted the common language of racism for homophobia in order to prevent a potentially powerful coalition of blacks and gays. By portraying what it means to be black and gay in America, *One More River to Cross* offers an extraordinary window into a community that challenges this country's acceptance of its minorities, both racial and sexual.

Hotbeds Pia Thielmann, 2004 Inter-racial relationships may be complicated by social attitudes and mind-sets born in colonialism, slavery, or more modern, invidious European or African racism; or they may be challenged by differing expectations of cultural norms. Drawing on theories of black American cultural criticism, African nationalism and gender analysis, the critic Pia Thielmann, analyses a range of novels from three continents, which in different ways thematise the personal, cultural and social aspects of relationships, and which in a manner of respect, are deemed to be crossing social boundaries.

The Legal Response to Violence Against Women Karen J. Maschke, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play

from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

Black Sons to Mothers M. Christopher Brown, James Earl Davis, 2000 *Black Sons to Mothers* is the critical site where African American male scholars explore the meanings and connections of the lives of black boys/men. This book offers literary, scholarly, and personal space to interrogate the seemingly elusive intersection of race and gender. Each chapter in the book is offered in one of two voices - one that speaks to teachers as cultural workers and one that represents individual transformation into the cultural space of mothering. This book's intent is to both question black men's constructions as sons (cultural offspring) and to engage in the project of representing mothering as cultural work and, specifically, the role of black men in this work. Because the discourse on the role performance of black boys/men is steeped in the hegemonic rhetoric of traditional constructions of masculinity, that discourse fails to sensibly represent and elaborate on the diversity and complexity of their lives and relations, particularly in the academic enterprise. As such, *Black Sons to Mothers* attempts to recontextualize the discourse surrounding the cultural places where the identities of black boys/men are shaped and explores how the politics and constructions of manhood are informed and enforced in school settings. In *Black Sons to Mothers*, the research subject of extrapolation is the oppressed and/or marginalized group. In opposition to deficit model inquiry, the research on white males is not being applied to black boys/men, but the research on black boys/men is being applied to all students. The black male student is at the center of a discourse that is not about a pathology, dysfunction, «at-riskness, » or «special education.» This book's discourse is epigenetic in that it advances a more complex understanding of schooling and cultural work. This understanding is not solely about black boys/men, but about the cornerstone of cultural work - (un)learning.
