Tropic of Cancer by Henry Miller (Book Analysis) Bright Summaries,2019-04-08 Unlock the more straightforward side of Tropic of Cancer with this concise and insightful summary and analysis! This engaging summary presents an analysis of Tropic of Cancer by Henry Miller, which is closely based on the author's time as a struggling writer in Paris, when he drifted from friend to friend, scraped together a living through borrowing and mundane jobs, and spent much of his time drinking and womanising. The novel's explicit sexual content meant that it was considered pornographic when it was first written; consequently, it was the subject of multiple obscenity trials and was initially banned in the US. However, it garnered praise from writers including George Orwell, and is now recognised as one of the most influential books of the 20th century. Literature Suppressed on Sexual Grounds Dawn B. Sova,2006 Literature Suppressed on Social Grounds, Revised Edition discusses writings that have been banned over the centuries because they offended or merely ignored official truths; challenged widely held assumptions; or contained ideas or language unacceptable to a state, religious institution, or private moral watchdog. The entries new to this edition include the Captain Underpants series, We All Fall Down by Robert Cormier, and Jake and Honeybunch Go to Heaven by Margaret Zemach. Also included are updates to the censorship histories of such

books as *To Kill a Mockingbird* and *Of Mice and Men*.

Beowulf on the Beach Jack Murnighan,2009-05-19 Feel bad about not reading or not enjoying the so-called great books? Don't sweat it, it's not your fault. Did anyone tell you that Anna Karenina is a beach read, that Dickens is hilarious, that the Iliad's battle scenes rival Hollywood's for gore, or that Joyce is at his best when he's talking about booze, sex, or organ meats? Writer and professor Jack Murnighan says it's time to give literature another look, but this time you'll enjoy yourself. With a little help, you'll see just how great the great books are: how they can make you laugh, moisten your eyes, turn you on, and leave you awestruck and deeply moved. *Beowulf on the Beach* is your field guide--erudite, witty, and fun-loving--for helping you read and relish fifty of the biggest (and most skipped) classics of all time. For each book, Murnighan reveals how to get the most out of your reading and provides a crib sheet that includes the Buzz, the Best Line, What's Sexy, and What to Skip.

Citizen Critics Rosa A. Eberly,2000 The condition of our public discussions about literary and cultural works has much to say about the condition of our democracy and the author argues for more public discourse--in classrooms, newspapers, magazines, etc. to reclaim a public voice on national artistic matters. In this revealing study of the links among literature, rhetoric, and democracy, Rosa A. Eberly explores the public debate generated by amateur and professional readers about four controversial literary works: two that were censored in the United States and two that created conflict because they were not censored. In *Citizen Critics* Eberly compares the outrage sparked by the publication of James Joyce's *Ulysses* and Henry Miller's *Tropic of Cancer* with the relative quiescence that greeted the much more violent and sexually explicit content of Bret Easton Ellis's *American Psycho* and Andrea Dworkin's *Mercy*. Through a close reading of letters to the editor, reviews, media coverage, and court cases, Eberly shows how literary critics and legal experts defused censorship debates by shifting the focus from content to aesthetics and from social values to publicity. By asserting their authority to pass judgments--thus denying the authority of citizen critics--these professionals effectively removed the discussion from literary public spheres. A passionate advocate for treating reading as a public and rhetorical enterprise rather than solely as a private one, Eberly suggests the potential impact a work of literature may have on the social polity if it is brought into public forums for debate rather than removed to the exclusive rooms of literary criticism. Eberly urges educators to use their classrooms as protopublic spaces in which students can learn to make the transition from private reader to public citizen.

The Reader's Companion to the Twentieth-century Novel Peter Parker, Frank Kermode,1994 Can you remember who marries the narrator of *A Dance to the Music of Time*? Or what happens at the end of *Nineteen Eighty-Four*? Of which English classic did the author remark: 'How unexpected, how odd that people can read that difficult, grinding stuff'? Which American classic, left unfinished at its author's death, was put together by editors? Which novel did Evelyn Waugh (inaccurately) describe as 'an obscene book about domestic servants'? How many times has the Booker Prize been awarded to non-British writers? Who won the National Book Award in 1960: John Updike? Flannery O'Connor? John Barth? Harper Lee? What novels were people reading when the TLS was first published? When *Madame Butterfly* was first performed? When Matisse painted *The Dance*? When Wall Street crashed? When the Titanic sank? When Einstein formulated his General Theory of Relativity? When bobbed hair was all the rage? And which year was that? The answer to all these questions, and many more, will be found in *The Reader's Companion to the Twentieth Century Novel*. An informative and invaluable guide to modern fiction, it contains detailed accounts of some 750 novels from Britain, Ireland, the United States, Australia, New Zealand, Canada, Africa, India and the Caribbean. All the century's major novelists are represented, alongside less celebrated writers whose work has been unjustly neglected or fallen victim to the vagaries of literary fashion.
