Imagine the God of Heaven John Burke,2023-11-07 Millions of people around the world have reported a near-death experience. Do they prove the existence of a loving God? Never in history, until now, have we been able to hear from so many people around the world who have been brought back from clinical death. Modern medical resuscitation and digital communication have revealed a goldmine of intriguing near-death experiences (NDEs) that show us the character of God. John Burke has spent the last three decades studying the commonalities of more than 1000 NDEs. His investigative journey started as a skeptical agnostic, when his own father was dying from cancer. When he first read these eyewitness accounts, he couldn't help asking himself: “Could this be real evidence—even possible proof of God's existence?” In this book, you will discover: Analysis of 1000+ near-death experiences and how they reveal the wondrous attributes of God and correlate with the Bible Follow up research to Burke's exploration of the afterlife, *Imagine Heaven*, a New York Times best-seller of over 1 million copies True stories from nearly 70 people from every continent who have died, been resuscitated, and now testify to having been more alive than ever in the presence of a loving God they never wanted to leave People of all ethnicities and backgrounds—including doctors, engineers, and CEO—experience the same God John Burke unveils the love story and characteristics of this God of all nations, revealed throughout history and in Scripture, now illustrated by these thrilling encounters of life after death. You will realize God's love, power, compassion, friendship, and guidance are closer than you could ever imagine. And for such a time as this, people need to know a loving God is within their reach.

Your Miracle After Miracle Life Celebrate Your Essence, Celebrate Your Eternity Orest Bedrij, 2020-10-20 Your Miracle after Miracle Life: Celebrate Your Essence, Celebrate Your Eternity may very well be the most important scientific breakthrough to the best solutions and the best thinking to challenges posed by the greatest minds of all time. Science cannot solve the ultimate mystery of nature. And it is because in the last analysis we ourselves are part of the mystery we are

trying to solve. —Max Planck, Nobel laureate, Berlin University The full meaning of life, the collective meaning of all human desires is fundamentally a mystery beyond our grasp . . . We have no right to expect that our intellect can formulate perfect concepts for the full understanding of inanimate nature’s phenomena. —Eugene Wigner, Nobel laureate, Princeton University It is difficult to imagine that we could be ever in the possession of final physical principles that have no explanation in terms of deeper principles. —Steven Weinberg, Nobel laureate, University of Texas M. Planck, E. Wigner, and S. Weinberg don’t help how humanity can solve the ultimate mystery of nature, the full meaning of life, nor how can we ever be in the possession of the final physical principles? Your Miracle after Miracle Life reveals the final demands of life and the best solutions belong to the Eternal Architect and Creator of the Universe. Now you can gain access to and mine the Eternal for the best and ultimate solutions to prosper and advance your divinity. Further than modern science, ahead of forbidden knowledge, here is your breakthrough to the Absolute Light and God. Experience miracle after miracle in your Christ Nature life.

Jazz Times ,2002

Asha-Land Richard Leviton,2022-04-29 A METAPHYSICAL PICARESQUE ADVENTURE INTO THE GEOMANTIC MYSTERIES OF THE EARTH WITH ANGELIC ACCOMPANIMENT In 2095, three Light grid engineers undertake a world restoration tour of the esoteric energy body of the planet to fine-tune an upgrade that started in 2020. Their “fixer-upper” itinerary takes them to England, Montenegro, South Africa, Ethiopia, Colombia, Armenia, Pakistan, South Korea, Finland—14 stops in all. The Earth has been birthing a landscape of Light and Truth out of itself since 2020, but it needs some professional tweaking and housecleaning to complete its transformation. Some “parties” vigorously oppose this upgrade and have to be dealt with; others heartily support it. It’s been like that since the beginning of the Earth. Lars Jaanusson, a Boston book editor, narrates the fieldwork in a manner that is both whimsical and serious. “The tour was an immersion in mythopoesis. You find you’re living and working inside the world’s myths when you do this work. Much is at stake, but you have to stay light-hearted on the job,” he says. Lars and his two companions, Beatrice Goldoni from Italy and Bogdan Hazurov from Bulgaria, enjoy the technical assistance of two angelic orders. The Ofanim, jokey and amiable while brandishing huge swords of Light, and the Serafim, doing business as the fierce Valkyries of legend who take no prisoners among the enemies of the Earth. The planet’s upgrade, just finishing up in 2095, was scheduled at its inception, in fact, as early as its design phase. Many of its problems and enemies go back to that beginning too. Not everyone was in favor of a world with this much Light and Truth and so elegant a geometric design or “grid” in Light. That’s why much of the narrative recounts what it took to pull out the deep, resistant, dark-minded roots that have disturbed the Earth and humans for millennia. It’s an altogether different take on the Apocalypse.
