**Anatomy of the Sacred** James C. Livingston, 2001 *Anatomy of the Sacred: An Introduction to Religion* presents a uniquely comprehensive introduction to the nature and variety of religious belief and practice. Organized into three sections, Part One explores such questions as: What is religion? Why study religion? And how does one go about the study of religion? It includes illustrations of specific methods and disciplines drawn from the work of eminent scholars in the field of religion. Part Two examines universal forms of religious experience and expression and includes discussions of the sacred or holy; the nature of religious symbolism, myth, and doctrine; religious ritual; sacred scripture; as well as the social forms and dimensions of religion. Part Three consists of a comparative analysis of six fundamental components that make up a religious world-view. These include: deity or ultimate reality; cosmogony; the nature of the human problem, theodicy or the problem of evil; ethics or moral action; and the ways and goals of salvation or enlightenment. **The Body Emblazoned** Jonathan Sawday,2013-10-16 An outstanding piece of scholarship and a fascinating read, *The Body Emblazoned* is a compelling study of the culture of dissection the English Renaissance, which informed intellectual enquiry in Europe for nearly two hundred years. In this outstanding work, Jonathan Sawday explores the dark, morbid eroticism of the Renaissance anatomy theatre, and relates it to not only the great monuments of Renaissance art, but to the very foundation of the modern idea of knowledge. Though the dazzling displays of the exterior of the body in Renaissance literature and art have long been a subject of enquiry, *The Body Emblazoned* considers the interior of the body, and what it meant to men and women in early modern culture. A richly interdisciplinary work, *The Body Emblazoned* re-assesses modern understanding of the literature and culture of the Renaissance and its conceptualization of the body within the domains of the medical and moral, the cultural and political.
