Amy Lowell

An Artist of the Floating World Kazuo Ishiguro, 2012-09-05 From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* In the face of the misery in his homeland, the artist Masuji Ono was unwilling to devote his art solely to the celebration of physical beauty. Instead, he put his work in the service of the imperialist movement that led Japan into World War II. Now, as the mature Ono struggles through the aftermath of that war, his memories of his youth and of the floating world—the nocturnal world of pleasure, entertainment, and drink—offer him both escape and redemption, even as they punish him for betraying his early promise. Indicted by society for its defeat and reviled for his past aesthetics, he relives the passage through his personal history that makes him both a hero and a coward but, above all, a human being.

Artist of the Floating World Kazuo Ishiguro, 1989-09-01 Drifting without honor in Japan's post-World War II society, which indicts him for its defeat and reviles him for his esthetics, aging painter Masuji Ono recalls the events of his life.

The Floating World, rev. ed. James A. Michener, 1984-02-01 *The Floating World* by novelist James A. Michener is a classic work on the Japanese print of the Edo period (1615-1868). Mr. Michener shows how the Japanese printmakers, cut off from revivifying contacts with the art of the rest of the world and hampered by their own governmental restrictions, were able to keep their art vital for two centuries through their vigor and determination. For this new edition, Howard A. Link updates the scholarship and expands on many theoretical aspects introduced in Michener's study.

Artists of the Floating World Rob Burton, 2007 This work analyzes the fiction of four contemporary multicultural writers who render a floating world in which cultures converge or collide in unexpected, exciting, and dangerous ways. The novels and short stories of Kazuo Ishiguro, Bessie Head, Bharati Mukherjee, and Salman Rushdie explore a literal and metaphorical floating world (adapted from the Japanese concept of *ukiyo*—a still-point between briefly-held earthly pleasures and spiritual immutability) where the characters, like their authors, are poised between conflicting worlds, cultures, and traditions. The manner in which these four authors articulate such a floating experience, Burton argues, enriches our understanding and

appreciation of the increasingly interconnected world around us.

Text Guide: An Artist of the Floating World by Kazuo Ishiguro Kazuo Ishiguro, 2022

Pelukis di Atas Awan (An Artist of the Floating World) Kazuo Ishiguro, 2022-10-27 Ketika negerinya menghadapi masa penuh penderitaan, seniman Masuji Ono membaktikan seninya tidak hanya untuk merayakan keindahan material. Ia berkarya untuk mendukung gerakan imperialis yang membawa Jepang memasuki Perang Dunia II. Sekarang, ketika Ono yang telah menua berjuang melewati masa paska peperangan, ia melarikan diri ke dalam kenangan masa muda dan “dunia di atas awan” —dunia malam yang penuh kenikmatan, hiburan, dan alkohol. Dicela masyarakat karena kekalahan negerinya dan dicaci karena pilihan estetika masa lalunya, Ono mengenang kembali sejarah hidupnya yang menjadikan ia pahlawan dan pengecut, tapi lebih daripada segalanya: manusia.

Kazuo Ishiguro Barry Lewis, 2000 The first complete study of Ishiguro's work from *A Pale View of the Hills* to *When We Were Orphans*, this book explores the centrality of dignity and displacement in Ishiguro's vision, and teases out the connotations of home and homelessness in his fictions. Barry Lewis focuses on such key questions as: How Japanese is Ishiguro?; What role does memory and unreliability play in his narratives?; Why was *The Unconsoled* understood to be such a radical break from the earlier novels?

Inside the Floating World Weatherspoon Art Museum, Allen Hockley, Hood Museum of Art, University of Oregon. Museum of Art, 2002 *Inside the Floating World* presents an overview of Japanese social history from the seventeenth through nineteenth centuries using images of children, actors, courtesans, and landscape. All of the most eminent woodblock artists are featured, including Hiroshige, Hokusai, and Utamaro. In the last two decades, visual culture of our own time has come under the scrutiny of specialists from such diverse disciplines as anthropology, sociology, film studies, psychology, comparative literature studies, and art history. Methodologies and critical practices have emerged from each discipline that

focus on the wide range of experiences contemporary visual culture offers to its consumers. Inside the Floating World affords a unique opportunity to bring these recent critical approaches to bear on the historical and aesthetic issues surrounding Japanese printmaking. The book serves as both an introduction to and a serious explication of the social meanings imbedded in Japanese prints. Allen Hockley is associate professor of art history at Dartmouth College. He is the author of *The Prints of Isoda Koryusai: Floating World Culture and Its Consumers in Eighteenth-Century Japan*.

The Margin Without Centre Chu-chueh Cheng, 2010 Approaching Ishiguro's writings as a corpus, this volume highlights the significance of margins and the instability of demarcation, seeking to expose what is deliberately obscured or revealed within the narrative.

The Prints of Isoda Koryūsai Allen Hockley, Koryūsai Isoda, 2003 He may very well be the most productive artist of the eighteenth century. Refuting outmoded paradigms of connoisseurship and challenging the assumptions of conventional print scholarship, Allen Hockley elevates this important figure from the status of a minor Edo-period artist. He argues that Koryusai excelled by the most significant measure -- he was a highly successful creator of popular commodities.
