**Your Model Horse Collection Reference Guide 2017** Kristin Chernoff,2017-07-04 Breyerfest 2017 Edition. When I had 100 models I could still remember what I owned. When I had 300 models I computerized my records - and crated the first version of this list. That was years ago. Breyer had added thousands of new models and hundreds of new molds. New (and old) companies have come and gone, or changed names. I'm always looking for more information, especially for companies and models not listed in this book. Detail start to escape me - was that the bay with 3 socks and black hooves, or the bay with 3 socks and pink hooves, of the bay with 4 socks version? There is just too much information to remember. I'm an avid collector. When I first started in the hobby, there were no books available, just box catalogs. This book is meant to be a record of YOUR collection. It is meant to be written in. You can mark if you own it or just want it. You can even write in a name for your model under the notes section. See you at Breyerfest!

**Lara and the Moon-colored Filly** Kathleen Duey,2005 Katie continues her journey to Fort Laramie, but is disappointed when she is unable to find her uncle.

Lara and the Silent Place Kathleen Duey,2005 Almost a year has passed since Lara and her beloved filly were captured and taken from their Connemara home, but when they return she feels they no longer belong.

**Lara and the Gray Mare** Kathleen Duey,2005 While her father is away fighting the Normans and other Irish clans, nine-year-old Lara works hard to help harvest food and also cares for the pregnant gray mare that she loves.

*Popular Series Fiction for K-6 Readers* Rebecca L. Thomas,Catherine Barr,2004 Because of their popularity, books in series are great vehicles for fostering literacy among all types of readers, who are almost always adamant about reading

every title in the series, in series order. Yet traditional information sources on children's and YA literature include very little about series fiction, so librarians often have difficulty managing this literature. This guide will be a rich resource and time-saver for librarians who work with children. It introduces users to the best and most popular fiction series of today, covering more than 1,000 series with over 10,000 titles, appropriate for elementary readers. Annotations also indicate series and titles accepted by some of the popular electronic reading programs (e.g., Accelerated Reading, Reading First). A numbered list of titles in the series follows.

*Contemporary Authors* Scot Peacock, 2002-08 Your students and users will find biographical information on approximately 300 modern writers in this volume of *Contemporary Authors*(R).
