But Then I Came Back Estelle Laure,2017-04-04 Gayle Forman meets Francesca Lia Block in this dazzling story about two coma girls and the boy who connects their lives. From the author of *This Raging Light*, a debut that New York Times bestselling author Morgan Matson calls “remarkable.” “Something does exist. I saw. It’s a place. Like this but different.” “Okay, so let’s say we do reach her, that something like that is even possible. Then what?” “Then we ask her to come back.” Eden: As far as coma patients go, Eden’s lucky. She woke up. But still, she can’t shake the feeling that she might have dragged something back from the near-afterlife. Joe: Joe visits the hospital every day, hoping that Jaz, his lifelong friend, will wake up. More than anything, he wants to hear her voice again. But he’s not sure anyone can reach her. Eden & Joe: Even though she knows it sounds crazy, Eden tells Joe that they might be able to talk to Jaz. Opening themselves up to the great unknown—and each other—Eden and Joe experience life: mysterious and scary, beautiful and bright.

Sylvia Plath and the Language of Affective States Zsófia Demjén,2015-08-27 Focusing on the first journal in *The Unabridged Journals of Sylvia Plath*, this book writes a convincing case for the value of corpus-based stylistics and narrative psychology in the analysis of representations of the experience of affective states. Situated at the intersection between language study, psychology and healthcare, this study of the personal writing of a poet and novelist showcases a cutting-edge combination of quantitative and qualitative approaches, including metaphor analysis, corpus methods, and second person narration. Techniques that systematically account for representations of experiences of affective states, such as those in this book, are rare and crucial in improving understanding of these experiences. The findings and methods of this book therefore potentially have bearing on the study, diagnosis and treatment of depression and other mental illnesses. Zsófia Demjén follows the cognitive turn in both literary studies and linguistics here, emerging with a greater understanding of Plath, her diarized output and her experience of her inner world.
