Jerry B. Jenkins

The One Who Restores Latoya Moore, 2014-04-30 I thought I had found an integral piece of my life puzzle when I met Donavon, a man who embodied all that I desired in a husband. He had a strong relationship with God, loved God above all else, and he had a well-developed prayer life. I began asking God to tell me if Donavon was the man who He had ordained to be my husband. The way that God answered me changed my life and shook my world in a way that I never could have imagined. A mere month after I told God He had to speak to me about what His plans for my relationship with Donavon were, Donavon was killed in a tragic car accident. With little hope of meeting, dating, and getting married to anyone else I reluctantly tried to move on with my life. Just when I thought my life could never return to any form of normality, God revealed a new plan for my life through a series of serendipitous events that far exceeded even the greatest of my dreams and expectations.

Create Your School Library Writing Center Timothy Horan, 2017-10-17 The inventor of the School Library Writing Center makes it easy for librarians and teachers of kindergarten through sixth grade learners to provide highly effective writing instruction. Students in the early years of their development have a tremendous capacity for learning. By focusing on providing authentic writing experiences for kindergarten through sixth grade students, librarians and teachers can help transform students into competent writers well before they reach middle school. Written by the inventor of the School Library Writing Center, this book is the only one of its kind. It gives you clear and easy-to-read instructions on how to create and structure engaging and productive lessons in writing as well as reproducible worksheets that are ready to implement in your library or classroom. Each worksheet relates directly to writing lessons discussed in the book and serves to guide students (and their teachers) as they explore the exciting world of writing. Readers will learn why and how they can create and maintain a School Library Writing Center. The book moves sequentially through the grade levels, starting with kindergarten and concluding at grade six, with each chapter focusing on a specific grade level. The author explains best practices with regards to tutoring writing in each grade; discusses the developmental levels and skills expected in a particular grade with regards to writing and reading; addresses grade-specific Common Core learning standards; discusses grade-appropriate online resources and technology-enabled activities that will help students become better writers; and identifies practical tutoring methods that will help students develop as writers.

You Deserve Better Anne-Marie,2021-09-30 Sometimes it feels so hard to love yourself. We worry that we're not good enough or we're being selfish if we take time to prioritise what we need. But self-love is so important and even if we're our own biggest critic, it can be done! You deserve better xxx Hands up if you're fed up with being told you need to go on this diet, you need to behave this way, or you probably shouldn't wear this outfit...the list goes oooooon. Anne-Marie's been told these things her whole life too and they didn't make her feel any better. But now, she's discovered the simple tools that mean she treats herself with the love and respect she needs and this, in turn, means she's able to go out into the world and be as strong, confident and true to herself as she can be. And she wants YOU to be able to do the same. *You Deserve Better* is the must-read book from singer-songwriter Anne-Marie that doesn't give you fluffy promises about self-care but speaks honestly about body image, mental health, being successful at work and more. It's the real advice that every person needs to hear to be happier in themselves and in the world. Cause you know what? YOU DESERVE BETTER.

3,500 Good Quotes for Speakers Gerald F. Lieberman,1983 Few things spice up a speech better than a well-chosen quotation, and in this book you'll find something for every topic and every occasion. A serious reference and a delight just to browse through as well.
