Europe Thomas M. Wilson, 2023-11-30 This two-volume encyclopedia profiles the contemporary culture and society of every country in Europe. Each country receives a chapter encompassing such topics as religion, lifestyle and leisure, standard of living, cuisine, gender roles, relationships, dress, music, visual arts, and architecture. This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe. Each country profile looks at elements of contemporary life related to family and work, including popular pastimes, customs, beliefs, and attitudes. Students can make cross-cultural comparisons—for instance, a student could compare social customs in Denmark with those in Norway, compare Greece's cuisine with that of Italy, and contrast the architecture of Paris with Amsterdam and Barcelona. Culture and society are changing in each region and nation of Europe due to many political and economic forces, both inside and outside of each nation's borders. This encyclopedia considers many of the transformations connected to globalization, as well as traditions that still hold strong, to provide a complete assessment of the processes that make European societies and cultures distinctive.

Flying Colours Robert G Fresson,2020-05-16 By exploring the patterns, colours and crests of flags, we can learn all about the histories and aspirations of the countries they represent. Did you know that the flag of Nepal is the only one with more than four sides? Or that the flag of Mozambique features a book, a hoe and an AK47? Find out the difference between the flag of Chad and the flag of Romania (spoiler: there is none), and why the Union Jack is asymmetrical. Robert G Fresson's meticulous, vintage-inflected illustrations provide a refreshingly elegant insight into the fascinating world of vexillology.

How the Tricolor Got Its Stripes Dmytro Dubilet,2023-10-26 'A sparkling tour through the stories of the symbols we know so well' - Tim Marshall Starting with flags that we know, this captivating history explains the origins and hidden meanings of flags, taking a chatty but always entertaining path through this universal subject. Each chapter starts with a well-known flag and shows how that flag led to a number of other flags - so, for example, how the French tricolor led to the red, white and green tricolor of Italy, and then to a host of other tricolors in different parts of the world. Many of the over 200 colour illustrations feature alternative versions of existing flags - the flags that might have been - such as the red Canadian maple leaf between two bands of blue, representing the Atlantic and Pacific Oceans. This entertaining and very likeable history of flags was written by Ukrainian businessman and ex-cabinet minister Dmytro Dubilet and first published in Ukrainian six months before the start of the Ukrainian-Russian war.
