Maya Christian Murals of Early Modern Yucatán Amara Solari, Linda K. Williams, 2024-11-12 The first study of Christian murals created by indigenous artists in sixteenth and seventeenth century Yucatán. In the sixteenth and seventeenth centuries, Maya artists painted murals in churches and conventos of Yucatán using traditional techniques to depict iconography brought from Europe by Franciscan friars. The fragmentary visual remains and their placement within religious structures embed Maya conceptions of sacredness beyond the didactic imagery. Mobilizing both cutting-edge technology and tried-and-true analytical methods, art historians Amara Solari and Linda K. Williams reexamine the Maya Christian murals, centering the agency of the people who created them. The first volume to comprehensively document the paintings, *Maya Christian Murals of Early Modern Yucatán* collects new research on the material composition of the works, made possible by cutting-edge imaging methods. Solari and Williams investigate pigments and other material resources, as well as the artists and historical contexts of the murals. The authors uncover numerous local innovations in form and content, including images celebrating New World saints, celestial timekeeping, and ritual processions. Solari and Williams argue that these murals were not simply vehicles of coercion, but of cultural “grafting,” that allowed Maya artists to shape a distinctive and polyvocal legacy in their communities.

Single Player Tara Tai, 2025-01-07 Two video game creators go head-to-head in this delightful, queer enemies-to-lovers workplace romance debut, perfect for fans of TJ Alexander and Helen Hoang. Cat Li cares about two things: video games and swoony romances. The former means there hasn't been much of the latter in her (real) life, but when she lands her dream job writing the love storylines for Compass Hollow—the next big thing in games—she knows it's all been worth it. Then she meets her boss: the infamous Andi Zhang, who's not only an arrogant hater of happily-ever-afters determined to keep Cat from doing her job but also impossibly, annoyingly hot. As Compass Hollow's narrative director, Andi couldn't care less about love—in-game or out. After getting doxxed by internet trolls three years ago, Andi's been trying to prove to the gaming world that they're a serious gamedev. Their plan includes writing the best game possible, with zero lovey-dovey stuff. That is, until the man funding the game's development insists Andi add romance in order to make the story "more appealing to female gamers." Forced to give Cat a chance, Andi begrudgingly realizes there's more to Cat than romantic idealism and, okay, a cute smile. But admitting that would mean giving up the single-player life that has kept their heart safe for years. And when Cat uncovers a behind-the-scenes plot to destroy Andi's career, the two will have to put their differences aside and find a way to work together before it's game over.

Enjoying the Melody of Appearance: An Psychological Symphony within **Monster Of The Week Codex Of Worlds**

In a global eaten by displays and the ceaseless chatter of immediate transmission, the melodic splendor and psychological

symphony produced by the written term often fade into the back ground, eclipsed by the constant noise and disruptions that permeate our lives. However, located within the pages of **Monster Of The Week Codex Of Worlds** a wonderful literary prize filled with raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, this fascinating masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden tunes and profound affect resonating within each cautiously constructed phrase. Within the depths of this moving examination, we can examine the book is central harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
