

Multicultural Voices Against The Voice

Grace Adams

Hip Hop and Political Voice for Young South Sudanese Australians Sarah J. Williams, 2024-12-15 This book explores the building of political voice of young South Sudanese Australians to resist racialising discourses, particularly through Hip Hop.

Writing Put to the Test Amy Benjamin, 2013-08-06 This book helps educators improve students' ability to write clear, coherent essays in response to on-demand writing prompts. While it focuses on students' abilities to succeed at on-demand writing, it also promotes the teaching of writing as an expression of art and self. For grades 4 -12, it provides examples of responses to narrative and persuasive prompts, and provides savvy advice about what scorers look for.

Living as Mapmakers Debbie Pushor, 2015-12-21 While teacher knowledge is well-researched and conceptualized, parent knowledge remains largely unstudied. In response, this book details Pushor's conceptualization of parent knowledge, the unique knowledge that arises from the lived experiences of being a parent, knowledge that is relational, bodied and embodied, intuitive, intimate, and uncertain. Drawing from her narrative inquiry into parent knowledge, Pushor shares and unpacks the stories of one participant as a way to provide a close up view of the parent knowledge a First Nations father held and used in living with and educating his children. Twelve teachers and parents then put forward their individual and contextual experiences immersed in explorations and use of parent knowledge, attending to the questions, How can what parents know enhance schooling experiences for children? How can parent knowledge, used alongside teacher knowledge, inform decisions made in schools and enhance curricular programming and outcomes for children? Using the metaphor of maps ... of mapmaking ... of living as mapmakers, this book is a storied account of the new practices in which parents and teachers engaged to enable parent knowledge to guide their work with children. It is an honest and vulnerable account of their journeys. The authors puzzle over the complexities and the successes of their work and the resulting impact on children, parents, and teachers. This book is an invitation to educators and parents to consider how to walk alongside one another, using both teacher and parent knowledge, for the benefit of children's learning and wellbeing.

Developing Voice Through the Language Arts Kathryn Henn-Reinke, GERALYN A. CHESNER, 2007 Let every voice be heard! *Developing Voice Through the Language Arts* shows prospective teachers how to use the language arts to connect diverse students to the world around them and help them develop their own literate voices. This book considers the integrated nature of the primary language arts - reading, writing, listening, speaking, viewing, and visually representing. Authors

Kathryn Henn-Reinke and GERALYN A. Chesner encourage preservice and inservice teachers to take a reflective, balanced approach in preparing to teach language arts.

Where One Voice Ends Another Begins Robert Hedin, 2007 The first single-volume, comprehensive survey of the best Minnesota poetry, Where One VOice Ends Another Begins showcases the work of seventy-six of the state's premiere poets.

Cultural Hegemony in the United States Lee Artz, Bren Ortega Murphy, Bren Adair Ortega Murphy, 2000-06-23 Popular usage equates hegemony with dominance—a meaning far from Antonio Gramsci's original concept where hegemony appears as a contested culture that meets the minimum needs of the majority while serving the interests of the dominant class. This text is the first to present cultural hegemony in its original form—as a process of consent, resistance, and coercion. Hegemony is illustrated with examples from American history and contemporary culture, including practices that represent race, gender, and class in everyday life. U.S. cultural hegemony depends in part on how well media, government, and other dominant institutions popularize beliefs and organize practices that promote individualism and consumerism. Corporate dominance and market values reign only through the consent of the majority, which, for the time being - finds material, political, and cultural benefit from existing social relations. As deep social contradictions undermine brittle hegemonic relations, the subordinate majority - including blacks, women, and workers will seek a new cultural hegemony that overcomes race, gender, and class inequality.

Resources in Education ,1996

Controversial Issues in Multiculturalism Diane De Anda, 1997 This new addition to the Controversial Issues series focuses on issues facing those who practice with multicultural populations. These debate-style essays feature issues such as whether programs and services in social work should be culture-specific to better meet clients' needs, whether professional social workers should support affirmative action as a means of securing equity for their clients, and whether the therapy process can be effective when the helping professional and the client are of different ethnic groups. For professionals working in the field of social work.

Multicultural Education in a Pluralistic Society Donna M. Gollnick, Philip C. Chinn, 1998 Helps teachers understand the issues of multiculturalism and teaches them how to apply multicultural teaching methods to create more effective classroom instruction. Looking at the classroom through a non-biased, non-sexist scope, this book provides specific recommendations to reach all children with equal and effective methods.

Voices on Voice Kathleen Blake Yancey, 1994 This collection of essays approaches voice as a means of expression that lives in the interactions of writers, readers, and language, and examines the conceptualizations of voice within the oral rhetorical and expressionist traditions, and the notion of voice as both a singular and plural phenomenon. An explanatory introduction by the editor is followed by 19 essays: (1) What Do We Mean When We Talk about Voice in Texts? (Peter Elbow);

(2) Claiming My Voice (Toby Fulwiler); (3) Coming to Voice (Gail Summerskill Cummins); (4) Affect and Effect in Voice (Doug Minnerly); (5) Technical Texts/Personal Voice: Intersections and Crossed Purposes (Nancy Allen and Deborah S. Bosley); (6) Voices in the News (Meg Morgan); (7) The Chameleon 'I': On Voice and Personality in the Personal Essay (Carl H. Klaus); (8) The Difference It Makes to Speak: The Voice of Authority in Joan Didion (Laura Julier); (9) Teaching Voice (Margaret K. Woodworth); (10) Classroom Voices (Paula Gillespie); (11) Voice as Muse, Message, and Medium: The Views of Deaf College Students (John A. Albertini and others); (12) Varieties of the 'Other': Voice and Native American Culture (Tom Carr); (13) East Asian Voices and the Expression of Cultural Ethos (John H. Powers and Gwendolyn Gong); (14) Voice and the Naming of Woman (Susan Brown Carlton); (15) Voicing the Self: Toward a Pedagogy of Resistance in a Postmodern Age (Randall R. Freisinger); (16) The Virtual Voice of Network Culture (Mark Zamierowski); (17) Concluding the Text: Notes toward a Theory and the Practice of Voice (Kathleen Blake Yancey and Michael Spooner); and (18) An Annotated and Collective Bibliography of Voice: Soundings from the Voices Within (Peter Elbow and Kathleen Blake Yancey). (NKA)

The Emergence of Voice in Latino/a High School Students Rosario Diaz-Greenberg, 2003 Annotation In this postmodern study, Diaz-Greenberg (education, California State U., San Marco) introduces herself as a critical educator who learned English as a second language as a teen. She presents the voices of like students, who are often marginalized to structured silence in US schools, which she elicited with approaches including Freire's problem-posing method. Lacks a subject index. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com)

NCPEA, in a New Voice John Hoyle, Dwain M. Estes, 1993

Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09

Race, Racism, and Multiraciality in American Education Christopher Bodenheimer Knaus, 2006 This research monograph analyses and describes how multiracial undergraduates have come to think about race and racism. The work begins with an overview of the problem of race and racism in education, then discusses the way in which race is typically construed along a continuum of mono-racial thinking. The text is then split into seven distinct case studies based on individuals with multiracial, multicultural and ambiguous racial identities and their K-12 experience.

Reflections on Multiculturalism Robert Eddy, 1996 This book convincingly shows that the United States should adopt multiculturalism so that it doesn't become monoculturally provincial in a global society, and so that it can survive in the twentieth century as a democratizing force rather than a future Bosnia. The book is divided into two sections: (1) Theories and Issues in Multiculturalism; and (2) Multicultural Dialogicalism: Personal Examples. Essays are as follows: (1) Getting it: Multiculturalism and the Politics of Understanding (Dennis Fischman); (2) Metaphor, Language, Games, Cultures (Eric Hyman); (3) Shattered Images: From Consensus to Contention in Classic American Film (Sam B. Girgus); (4) Literacy, Culture, and the Colonial Legacy (Victor Villanueva, Jr.); (5) The Mulatto in American Literature (W. Maurice Shipley); (6)

Representing and Negotiating Differences in the Contact Zone (Min-Zhan Lu); (7) The Accidental Culture: Disability and the Enduring Need for Closure (James A. Helten); (8) No Sentimental Education: An Essay on Transatlantic Cultural Identity (Thomas Austenfeld); (9) Chinese in America or Chinese-Americans: Building Multicultural Landscapes and Literacies (An Lan Jang); and (10) The 'Other' before Me: A Bicultural Dialogue (Solange de Azambuja Lira and Arnold Gordenstein). (BT)

The Workbook ,1991

Italian Americana ,1999

Migrant Media Kira Kosnick,2007 In this innovative and thought-provoking study, Kira Kosnick explores the landscape of Turkish-language broadcasting in Berlin. From 24-hour radio broadcasting in Turkish to programming on Germany's national public broadcasting and local public access channels, Germany's largest immigrant minority has made its presence felt in German media. Satellite dishes have appeared in migrant neighborhoods all over the city, giving viewers access to Kurdish channels and broadcasts from Turkey. Kosnick draws on interviews with producers, her own participation in production work, and analysis of programs to elaborate a new approach to migrant media in relation to the larger cultural and political spaces through which immigrant life is imagined and created.
