

On Directing Film David Mamet

Yoram Allon, Del Cullen, Hannah Patterson

On Directing Film David Mamet, 1992-01-01 A masterclass on the art of directing from the Pulitzer Prize-winning (and Oscar and Tony-nominated) writer of *Glengarry Glen Ross*, *Speed the Plow*, *The Verdict*, and *Wag the Dog* Calling on his unique perspective as playwright, screenwriter, and director of his own critically acclaimed movies like *House of Games*, *State and Main*, and *Things Change*, David Mamet illuminates how a film comes to be. He looks at every aspect of directing—from script to cutting room—to show the many tasks directors undertake in reaching their prime objective: presenting a story that will be understood by the audience and has the power to be both surprising and inevitable at the same time. Based on a series of classes Mamet taught at Columbia University's film school, *On Directing Film* will be indispensable not only to students but to anyone interested in an overview of the craft of filmmaking. Passion, clarity, commitment, intelligence—just what one would expect from Mamet. —Sidney Lumet, Academy Award-nominated director of *12 Angry Men*, *Dog Day Afternoon*, *Network*, and *The Verdict*

Contemporary North American Film Directors Yoram Allon, Del Cullen, Hannah Patterson, 2002 Encompassing the careers of up to 600 directors - over 60 new to this edition - working in the US and Canada today, this volume is an invaluable reference for students, researchers and enthusiasts of film and popular culture. Each entry provides biographical information as well as insightful textual and thematic analysis of the director's work. In comprehensively covering a wide range of filmmakers - from more established mainstream luminaries such as Steven Spielberg, Martin Scorsese, Ridley Scott and Kathryn Bigelow, through independent mavericks like Hal Hartley, Atom Egoyan, Jim Jarmusch and the Coen brothers, to innovative emerging talents including Marc Forster (*Monster's Ball*), Todd Field (*In the Bedroom*) and David Gordon Green (*George Washington*) - the shifting landscape of contemporary film-making is brought into sharp focus. Sur la 4e de couv.

A Whore's Profession David Mamet, 1994 In his previous volumes of notes and essays, David Mamet has touched upon

many aspects of his life as a writer. In 'Writing in Restaurants' he reflects modestly on his career, while 'Some Freaks' discourses loudly and entertainingly on aspects of contemporary culture - like the movies, Disneyland and on being a tourist. 'On Directing Film' shows his ebullient and practical approach to his own film-making. Central to these essays is Mamet's own work as a writer, and it is in 'The Cabin' that Mamet comes closest to defining himself. Included are autobiographical vignettes from childhood and youth describing the gamut of human emotion, from childhood fear to adult nostalgia in the re-creation of the past.

Modern American Drama on Screen William Robert Bray, R. Barton Palmer, 2013-08-08 From its beginnings, the American film industry has profited from bringing popular and acclaimed dramatic works to the screen. This is the first book to offer a comprehensive account, focusing on key texts, of how Hollywood has given a second and enduring life to such classics of the American theater as *Long Day's Journey into Night*, *A Streetcar Named Desire* and *Who's Afraid of Virginia Woolf?* Each chapter is written by a leading scholar and focuses on Broadway's most admired and popular productions. The book is ideally suited for classroom use and offers an otherwise unavailable introduction to a subject which is of great interest to students and scholars alike.

David Mamet and Film Gaylord Brewer, 1993 Since winning the Pulitzer for his *Glengarry Glen Ross*, playwright David Mamet has written only one original, full-length play, *Speed-the-Plow*—yet he has written nearly ten original screenplays. His movement in this direction is both surprising and, ironically, inevitable. Studied here are Mamet's screenplays (such as *The Postman Always Rings Twice* and *We're No Angels*), the influence of film on his recent plays (*The Shawl* and *Speed-the-Plow*), his theory of directing refined from his writerly principles of montage storytelling, and the reciprocal impact of his films and plays are discussed. Particular emphasis is placed on the author-director relationship in *House of Games* and *Things Change*. A complete filmography includes his 1992 work on the film version of *Glengarry Glen Ross* and *Hoffa*.

The David Mamet Review, 1998

Aristotle for Novelists Douglas Vigliotti, 2024-11-29 In many ways, we've been telling the same stories, over and over, for the last 2300 years. This book will show you why, and how you can do it too. For centuries, dramatic writers have relied on Aristotelian principles to write their stories for the screen and stage—the same stories you stream and watch today. But for the first time ever, the timeless principles from Aristotle's esteemed *Poetics* have been adapted for novelists. With succinct clarity, novelist Douglas Vigliotti shows you exactly how to write a novel using tried-and-true principles that have been used since antiquity to tell great stories. Whether you are writing your first or tenth novel, *Aristotle for Novelists* has something to offer every writer. Consider these principles the foundation on which any story can be written.

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature, from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors, or particular pieces of literature; libraries looking for one comprehensive source; and readers interested in American literature, its authors, and its connection with various areas of study.

The Encyclopedia of American Independent Filmmaking Vincent LoBrutto, 2002-12-30 Independent filmmaking is often regarded as a relatively recent phenomenon, yet the so-called movement has actually existed as long as movies themselves. In this indispensable single-volume reference work, LoBrutto surveys the subject from cinema's inception through the 21st century. Written in an accessible style and including biographical, critical, factual, and bibliographical information, this remarkable source encompasses films and filmmakers operating independently from the studio system in concept, financing, production, and distribution. Such a broad interpretation of independent filmmaking separates it from that of commercial Hollywood, a conglomerate existing to create product rather than support personal artistic vision. Many of the entries' subjects have rarely been investigated and studied—yet knowledge of independent filmmaking is vital to any understanding the cinematic medium, making this an essential book for any library's film shelves.

The Secret Knowledge David Mamet, 2012-08-28 For the past thirty years, David Mamet has been a controversial and defining force in theater and film, championing the most cherished liberal values. In some of the great movies and plays of our time, his characters have explored the ethics of the business world, embodied the struggles of the oppressed, and faced the flaws of the capitalist system. But in recent years Mamet has had a change of heart. He realized that the so-called mainstream media outlets were irredeemably biased, peddling a hypocritical, suborned, and deeply flawed worldview. Now he employs his trademark intellectual force and vigor to take on all the key political and cultural issues of our times, from

religion to political correctness to global warming. -- Back cover.

Encyclopedia of American Jewish History Stephen H. Norwood,Eunice G. Pollack,2007-08-28 Written by the most prominent scholars in American Jewish history, this encyclopedia illuminates the varied experiences of America's Jews and their impact on American society and culture over three and a half centuries. American Jews have profoundly shaped, and been shaped by, American culture. Yet American history texts have largely ignored the Jewish experience. The Encyclopedia of American Jewish History corrects that omission. In essays and short entries written by 125 of the world's leading scholars of American Jewish history and culture, this encyclopedia explores both religious and secular aspects of American Jewish life. It examines the European background and immigration of American Jews and their impact on the professions and academic disciplines, mass culture and the arts, literature and theater, and labor and radical movements. It explores Zionism,

antisemitism, responses to the Holocaust, the branches of Judaism, and Jews' relations with other groups, including Christians, Muslims, and African Americans. The encyclopedia covers the Jewish press and education, Jewish organizations, and Jews' participation in America's wars. In two comprehensive volumes, Encyclopedia of American Jewish History makes 350 years of American Jewish experience accessible to scholars, all levels of students, and the reading public.
