**Warriors of Disinformation** Alvin A. Snyder,1995 Warriors of Disinformation is a scrupulous, honest, and fascinating account of what we have been missing all these years. Snyder reveals both the high-minded principles and the lowbrow comedy and establishes the credit that disinformation's warriors deserve for helping to bring an end to the cold war.

**Freedom in One Lesson** Leonard Read,2025-04-20 Freedom in One Lesson is an extensive collection of Leonard Read's best, most powerful sustained arguments on behalf of liberty. Read believed that nothing should stand in the way of freedom's power to change minds, including about the morality and efficacy of "the free market and its miraculous performances" as the principle of social organization. The selections in Freedom in One Lesson are intended to stimulate serious thought and further reading and, hopefully, to begin "infecting" people today with his deep-seated commitment to liberty. That was one of Leonard Read's goals: to plant seeds of liberty, so that individuals, and thereby society, could blossom to their fullest potential. —From the Introduction

**Justifying Judgment** Vincent Joseph Samar,1998 Samar (philosophy, Loyola U.) seeks to develop a metatheory of law that judges could use to decide very hard cases in which the law offers no firm precedents or it is not clear whether the applicable law is just. He discusses theories of political philosophy that set a foundation for the duty to obey law, presents a natural law justification for a legal system containing morally just laws, uses his metatheory to resolve five historically significant constitutional cases, and offers suggestions for legal education.
