Editing - Sub-editing, Radio, TV Programming Mr. Rohit Manglik,2023-11-23 Techniques in content editing for print, radio, and TV, with focus on precision and audience engagement.

The Oxford Dictionary of Quotations Elizabeth M. Knowles,1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to

help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.

Capital City Thomas Kessner, 2004-04-07 At the beginning of the nineteenth century, New York City was an undistinguished town, competing with Philadelphia and Boston to be America's dominant port city. Just two generations later, it had built itself into the country's powerhouse center of trade and finance, rivaled only by London as financial capital of the world. In *Capital City*, Thomas Kessner tells the story of this remarkable transformation. With the advantages of its famous harbor and the opening of the Erie Canal in 1825, New York became the chief commercial center for the growing nation. As the shipping industry prospered, capital accumulated, and a growing banking center emerged, New York went on to finance the Union cause during the Civil War, open the West to development, and consolidate the national railroad system. The city's energy and opportunity attracted ambitious men from all over the country whose names became synonymous with big business: Vanderbilt, Carnegie, Rockefeller, and Morgan. New York's banks set the interest rates for the nation, its stock exchange fixed the price of securities, its investors transformed American business from family-owned enterprises into modern corporations, and its growing political clout catapulted public figures, such as Samuel Tilden and Teddy Roosevelt, onto the national stage. Combining political and urban history with a colorful cast of characters, *Capital City* chronicles how Gotham's Gilded Age reshaped the metropolis and the nation as it molded our present-day economy.

Oscar Piastri: The Rookie Andrew van Leeuwen,2024-03-05 The meteoric rise of motorsports phenom Oscar Piastri has

been the stuff of legends – so far. Three years and a record-breaking three straight titles across Formula Renault, Formula 3 and Formula 2 set up one of the most anticipated F1 rookie seasons ever when the 21-year-old Melburnian joined the famous McLaren team. Being wooed over from Alpine to replace a struggling Daniel Ricciardo and help turn the team's fortunes around only added to the weight of expectation. The grid was set, the world's cameras were rolling, rabid fans filled the stands, but could the rookie deliver? What version of Oscar Piastri would emerge from the crucible? The storylines that unfolded during the 2023 F1 season only added to Piastri's growing legend. He not only proved he deserved his seat alongside Lando Norris in McLaren papaya, but also that he could go toe to toe with the best drivers on the planet. Clawing his way up the driver standings with his signature poise and focus, and jaw-dropping comebacks, Oscar tallied an impressive points haul, two podium finishes and a budding rivalry with his teammate. Most of all, he let his growing legion of fans and F1 diehards around the world know they were witnessing the making of a future champion. Premier motorsport journalist Andrew van Leeuwen gives us an insider's look into Piastri's rise to F1 stardom – from the moment his racing roots first took hold to the ups, downs and inevitable controversies that led to his arrival at McLaren – while also exploring the pressure of fame and fortune, the pageantry and rich history, that goes hand in hand with life on the biggest motorsports stage in the world.
