Kimerer L. LaMothe

Why War? Ideology, Theory, and History Keith L. Nelson, Spencer C. Olin, 2023-09-01 Instead of proposing another theory of war, their goal is a more modest one of raising the theoretical consciousness of historians. Specifically, they argue that '1) ideology does influence theory, 2) historians do have ideologies as well as theories . . . about which they are not always conscious or consistent, and 3) we can better understand, compare, and evaluate what historians are saying when we comprehend their ideological and theoretical perspectives.' They attempt then, to classify historical interpretations of war according to their ideological/ theoretical orientations, however covert. --Perspective Nelson and Olin . . . are concerned with enhancing history's social utility by advancing its capacity to produce generalizations that can explain or predict events and are subject to empirical testing. Their exploration of historical generalization focuses on an issue itself of the highest importance, the causes of war; but their aim is also to create a model for historical generalization applicable to other issues. They argue that to understand generalizations in history, one must recognize their roots in theory, and that historians' theories in turn proceed from their own ideologies. To demonstrate, they survey theories about the causes of war that have come out of conservative, liberal, and radical ideologies. . . . any historian will profit from this rigorous approach to the problem. --Choice Learned and suggestive, this book clarifies much of what is already known, and points toward new ways of understanding. --Library Journal Instead of proposing another theory of war, their goal is a more modest one of raising the theoretical consciousness of historians. Specifically, they argue that '1) ideology does influence theory, 2) historians do have ideologies as well as theories . .

Why We Dance Kimerer L. LaMothe, 2015-04-07 Within intellectual paradigms that privilege mind over matter, dance

has long appeared as a marginal, derivative, or primitive art. Drawing support from theorists and artists who embrace matter as dynamic and agential, this book offers a visionary definition of dance that illuminates its constitutive work in the ongoing evolution of human persons. *Why We Dance* introduces a philosophy of bodily becoming that posits bodily movement as the source and telos of human life. Within this philosophy, dance appears as an activity that humans evolved to do as the enabling condition of their best bodily becoming. Weaving theoretical reflection with accounts of lived experience, this book positions dance as a catalyst in the development of human consciousness, compassion, ritual proclivity, and ecological adaptability. Aligning with trends in new materialism, affect theory, and feminist philosophy, as well as advances in dance and religious studies, this work reveals the vital role dance can play in reversing the trajectory of ecological self-destruction along which human civilization is racing.

Proxima: War For Peace Chase Hildenbrand, 2022-05-23 An alliance of species across the galaxy has formed. Led by Liam Donovan, the United Alliance Military has spent years preparing for war against the ruthless Othaul Dynasty. Interspecies Ambassador Ann Donovan arrives on Earth with the alliance's newest species to find a debate waging in the war council. Should the alliance attack the Dynasty pre-emptively, or continue waiting and building their forces while other planets fall victim to the Dynasty's terror? Meanwhile, Zale Alday leads the Earth Proxima Security Division against the last remnants of the Humans Only terrorist organization. Her chase after the terrorist leader begins at a casino on Ganymede and takes her across the solar system. But when the terrorist leader, a violent man named Shaddix, recruits an unexpected ally, things quickly take a turn for the worse. As the war council continues its debate, a strange ship arrives above Luna claiming to be from the planet Proxima b. Its passenger warns of an Othaul attack on the planet's native people. Liam, along with Admiral Debra Sizemore, must authorize a scouting mission to discover the truth to the passenger's claims before it could be too late.

Inheritance of the Meek Ronald Strahl, 2019-12-03 *Inheritance of the Meek: The Return to Hidden Forest* is a fast-paced and heartwarming story about how a group of friends discover the importance of questioning old beliefs and of embracing renewal. The friends have some innocent misadventures with a family of bears that help them understand how their wild cousins don't spend time mired in the past. By contrast, they learn that when human encounters went sour it was usually a product of lazy humans holding on to old beliefs and behaviors that had lost most of their original meaning. This book features Chase Baer, who demonstrates both strength and willingness to embrace change. From surviving a plot to get him

fired to finding the love of his life, Chase Baer demonstrates example after example of the kind of strength of character that exemplifies a life of integrity.

The Tomorrow Testament Barry B. Longyear,1983 The wars across the planets had lasted long enough. There seemed to be no end to the shedding of blood--human blood, alien blood. Suspicion and hatred ran too deep between the superpowers, the United States of Earth and the Dracon Chamber. Then Major Joanne Nicole was captured and rose from prisoner-of-war to confidante of Drac chief Tora Soam. Could she penetrate the strange alien mind, learn its esoteric wisdom, and realize the impossible dream of peace?--Pg. [4] of cover.
