Young Ewing Allison

Aliss at the Fire (Norwegian Literature Series) Jon Fosse, 2010-09-16 Slim, mournful tale of loss and memory in a coastal Norwegian town, first published in Norway in 2003. The novel opens with a series of shifts in perspective, time and identity that hint at the experimentation that follows. We immediately meet Signe, an aging woman living alone near a fjord. The story is set in 2002, but Signe is soon thinking back to 1979 and the day her husband, Asle, died while boating in the waters.

Aliss at the Fire Jon Fosse, 2023-10-20 A haunting exploration of love and loss by the Beckett of the twenty-first century (Le Monde).

Fire Kristin Cashore, 2009-10-05 A breathtaking, marvelous Graceling Realm book from New York Times bestselling author Kristin Cashore. It is not a peaceful time in the Dells. In King City, the young King Nash is clinging to the throne, while rebel lords in the north and south build armies to unseat him. War is coming. And the mountains and forest are filled with spies and thieves. This is where Fire lives, a girl whose beauty is impossibly irresistible and who can control the minds of everyone around her. Exquisitely romantic, this companion to the highly praised Graceling has an entirely new cast of characters, save for one person who plays a pivotal role in both books. You don't need to have read Graceling to love Fire. But if you haven't, you'll be dying to read it next. This edition includes an article by and an interview with the author. Look for Kristin Cashore's highly-anticipated return to the Graceling Realm, Winterkeep! "There are some books that stick with you for years, and Kristen Cashore's Fire is one of them. Thoughtful, steamy and completely original, Fire is YA fantasy at its absolute best."—Sabaa Tahir, author of New York Times bestselling *Ember in the Ashes* on Fire * There aren't enough words to describe how awesome this book is. —Top Pick, Romantic Times, starred review of Fire A New York Times bestseller YALSA, Best Fiction for Young Adults Amelia Elizabeth Walden Book Award Winner 5 starred reviews

Trilogy Jon Fosse, 2016-12-09 Trilogy is Jon Fosse's critically acclaimed, luminous love story about Asle and Alida, two lovers trying to find their place in this world. Homeless and sleepless, they wander around Bergen in the rain, trying to make a life for themselves and the child they expect. Through a rich web of historical, cultural, and theological allusions, Fosse constructs a modern parable of injustice, resistance, crime, and redemption. Consisting of three novellas (Wakefulness,

Olav's Dreams, and Weariness), Trilogy is a haunting, mysterious, and poignant evocation of love, for which Fosse received The Nordic Council's Prize for Literature in 2015.

The Daring Twin Donna Fletcher,2005-06-28 From popular author Donna Fletcher comes an intriguing romance about a man who must chose between identical twin sisters. When Fiona of the MacElder clan is told that she must wed Tarr of Hellewyk so the two clans can unite, she is furious that she has to marry a man she does not love. Fortunately, Fiona's identical twin sister Aliss also cannot imagine a worse fate than a forced marriage and the two boldly concoct an outlandish scheme -- to become indistinguishable to the groom -- and it works. Tarr, frustrated that he cannot tell the difference between Fiona and Aliss, nevertheless finds himself drawn to a particular twin. Unfortunately, as soon it becomes clear to him that Fiona is the one who has captured his heart, Tarr must battle with an unexpected enemy to keep his newfound love.

Morning and Evening Jon Fosse,2024-06-25 Winner of the Nobel Prize in Literature for 2023 A child who will be named Johannes is born. An old man named Johannes dies. Between these two points, Jon Fosse gives us the details of an entire life, starkly compressed. Beginning with Johannes's father's thoughts as his wife goes into labor, and ending with Johannes's own thoughts as he embarks upon a day in his life when everything is exactly the same, yet totally different, Morning and Evening is a novel concerning the beautiful dream that our lives have meaning.

Owlish Dorothy Tse,2023-06-06 * FINALIST FOR THE 2023 NATIONAL BOOK CRITICS CIRCLE'S GREGG BARRIOS BOOK IN TRANSLATION PRIZE * A professor falls in love with a mechanical ballerina in a mordant and uncanny fable of contemporary Hong Kong With your face covered, sneaking into a city you thought you knew, are you still yourself? Or have you crossed to another world, where the streets are unpredictable and the people strangers, where you might at any moment run into some unknown dream version of yourself? In a city called Nevers, there lives a professor of literature called Q. He has a dull marriage and a lackluster career, but also a scrumptious collection of antique dolls locked away in his cupboard. And soon Q lands his crowning acquisition: a music box ballerina named Aliss who has tantalizingly sprung to life. Guided by his mysterious friend Owlish and inspired by an inexplicably familiar painting, Q embarks on an all-consuming love affair with Aliss, oblivious to the protests spreading across the university that have left his classrooms all but empty. The mountainous city of Nevers is itself a mercurial character with concrete flesh, glimmering new construction, and "colonial flair." Having fled there as a child refugee, Q thought he knew the faces of the city and its people, but Nevers is alive with secrets and shape-shifting geographies. The winner of a 2021 PEN/Heim Translation Fund grant, Owlish is a fantastically eerie debut

novel that is also a bold exploration of life under oppressive regimes. EditBuild

Maskerade Terry Pratchett, 2009-10-13 A master storyteller. — A. S. Byatt The nineteenth installment in Sir Terry Pratchett's beloved Discworld series — which has sold more than 23 million copies worldwide. There's a kind of magic in masks. Masks conceal one face, but they reveal another. The one that only comes out in darkness . . . The Ghost in the bone-white mask who haunts the Ankh-Morpork Opera House was always considered a benign presence—some would even say lucky—until he started killing people. The sudden rash of bizarre backstage deaths now threatens to mar the operatic debut of country girl Perdita X. (nee Agnes) Nitt, she of the ample body and ampler voice. Perdita's expected to hide in the chorus and sing arias out loud while a more pettily presentable soprano mouths the notes. But at least it's an escape from scheming Nanny Ogg and old Granny Weatherwax back home, who want her to join their witchy ranks. Once Granny sets her mind on something, however, it's difficult—and often hazardous—to dissuade her. And no opera-prowling phantom fiend is going to keep a pair of determined hags down on the farm after they've seen Ankh-Morpork. The Discworld novels can be read in any order but Maskerade is the fifth book in the Witches series.
