Subtext Julius Fast,1991 This book makes a science of intuition and puts it to work where it counts--o n the job. Body Language in the Workplace Julius Fast,1994 Julius Fast, who changed the way we look at the world with his breakthrough bestseller *Body Language*, now updates and expands upon those principles to show us how to go beyond the obvious in the workplace and understand the real motives and hidden agendas of our co-workers.

Discovering Body Language Alan Elangovan,2024-05-01 “Discovering Body Language (DBL): For Your EYES Only” is a classic; it gives a timeless message about the use of body language in different circumstances. The book surmises both the positive and negative messages that people portray through the course of conversation. The aim of this book is to sharpen your eyes to see the hidden. A lot of people do not know the signs of deception even if they are glaring and that is why such individuals fall prey of unwanted circumstances. If you make this book your companion, then it becomes your inner sight to have a thorough understanding of people’s thoughts and intents towards you. This book only discusses an aspect of the areas covered in *The Encyclopedia of Body Language*, a best-seller by the author. In the latter, the author holistically x-rayed all aspects of body language and readers can convert body language knowledge to profit. It is a book that sets captives of communication free. The greatest giveaway of this book is that you will know how to read body language effectively. The author does not offer limited knowledge here. Rather, he gives every reader the master key to make informed decisions by listening to the body language of their co-interlocutors.
