

Does Jason Grace Die

RJ Shavelson

Death All Around: S. T. Meier, 2015-08-27 Ten-year old Grace recounts to the psychologist her woeful tale of becoming an orphan. Grace describes each of her family members and discusses how the tragedy unfolded. In an already unhappy household, evil comes alive when Grace's father, Luke, discusses with her, at the hanging site the specifics of the deplorable event resulting in the death of hundreds. The hateful act of hanging has led the town into being a hotbed for holding the earthbound dead as prisoners for eternity. Each situation leads to another darker, more sinister event when the dead come alive.

Death by Inches Dell Shannon, 2014-05-21 It's January in Los Angeles, and the city is experiencing a heatwave. Lieutenant Luis Mendoza's homicide squad is depleted by the murder of one of its members, and the crime-rate is rising as high as the temperature . . . Questing through the Riordanverse , Nathan E. Fleeson, Carolyn M. Jones Medine, 2024-06-15 Questing through the Riordanverse: Studying Religion with the Works of Rick Riordan examines the works of Rick Riordan and explores how these works relate to Religion and Theology. Despite the success and popularity of the works, scholars have not given the Riordanverse as much attention as other Young Adult and Middle Grade fantasy books published during the first part of the Twenty-First Century. This volume begins to address that vacuum, drawing from a number of fields, including Psychology, Media Studies, Queer Theory, and African American Studies, to offer an interdisciplinary interpretation of Riordan's works and their impact on Religion and Theology. Contributors represent a diverse background, including perspectives from young scholars and students who grew up with the series to senior scholars considering where the series fits in the tradition of fantasy, religion, and literature.

Global Perspectives on Death in Children's Literature Lesley D. Clement, Leyli Jamali, 2015-07-30 This volume visits death in children's literature from around the world, making a substantial contribution to the dialogue between the expanding fields of Childhood Studies, Children's Literature, and Death Studies. Considering both textual and pictorial representations of death, contributors focus on the topic of death in children's literature as a physical reality, a philosophical concept, a psychologically challenging adjustment, and/or a social construct. Essays covering literature from the US, Mexico,

El Salvador, Guatemala, Canada, the UK, Sweden, Germany, Poland, Bulgaria, Brazil, Czechoslovakia, the Soviet Union, India, and Iran display a diverse range of theoretical and cultural perspectives. Carefully organized sections interrogate how classic texts have been adapted for the twenty-first century, how death has been politicized, ritualized, or metaphorized, and visual strategies for representing death, and how death has been represented within the context of play. Asking how different cultures present the concept of death to children, this volume is the first to bring together a global range of perspective on death in children's literature and will be a valuable contribution to an array of disciplines.

Cops and Constables Earl F. Bargainnier, George N. Dove, 1986 This brief introduction to fictional police cannot cover all the aspects of their nature, but it does indicate some of the principal elements which appear again and again, the diversity within the convention, and significant similarities and differences between the American and British varieties. The thirteen essays in this volume provide extended and specific illustrations of ways in which the authors present police and their investigations of crimes. --
