Work and Play: A workplace, grumpy sunshine, forced proximity, small town romance Julia Jarrett, 2022-01-27 I'm stuck sharing a house with my hot new boss... And I just walked in on him in the shower. Landing a major interior design contract for the new winery in Dogwood Cove is supposed to be my fresh start. But sharing a house with the annoyingly sexy winemaker Finn McNeil? That wasn't part of the plan... To make it worse, Finn's made it very clear he doesn't want me around - at work, or anywhere else. I'm determined to win him over with my charm and professionalism. Not only do I need this job, but this town has become more than a place to earn a living, it's become home. Which is why giving into the undeniable attraction we feel could spell disaster for both of us. Work and Play is the ultimate steamy small town romance for fans of forced proximity, a quirky heroine who knows what she wants, and a winemaker who's determined to avoid her. This book is for readers who love grumpy-sunshine banter, a dirty talking hero, a close friend group, low angst and high heat with a guaranteed HEA. This is the third book in the Dogwood Cove series and can be read as a standalone, although the series is best enjoyed if read in order.

Promise To Marry You Julia Jarrett, 2023-08-15 My best friend needs my help? Consider it done, no questions asked. Well, maybe one question... Will you marry me? Except Camilla Byrne is more than just my friend. She's the woman I've loved ever since we met, the one who knows me better than I know myself, and the one I would put everything on the line for. Including my heart, it would seem. Because Cam's chance at an inheritance that will guarantee she gets everything she's ever dreamed of, requires the one thing she's never wanted. A husband. Next thing I know, we're saying I do. Now she's living in my house. And sleeping in my bed - for comfort, nothing more. Because there are some lines I will not cross. Not unless my wife crosses them first...

**Be Who You Want** Christian Jarrett, 2021-05-18 From cognitive neuroscientist Dr. Christian Jarrett, a fascinating book exploring the science of personality and how we can change ourselves for the better. What if you could exploit the plasticity of personality to change yourself in specific ways? Would you choose to become less neurotic? More self-disciplined? Less shy? Until now, we've been told that we're stuck with the personality we were born with: The introvert will never break out of their shell, the narcissist will be forever trapped gazing into the mirror. In Be Who You Want, Dr. Christian Jarrett takes us on a thrilling journey, as he not only explores the ways that life changes us, but shows how we can deliberately shape our

personalities to influence the course of our lives. Dr. Jarrett draws on the latest research to provide evidence-based ways to change each of the main five personality traits, including how to become more emotionally stable, extraverted, and open-minded. Dr. Jarrett features compelling stories of people who have achieved profound personality change such as a gang-leader turned youth role model, a drug addict turned ultra-runner, and a crippling shy teenager turned Hollywood megastar. He also delves into the upsides of the so-called Dark Triad of personality traits—narcissism, Machiavellianism, and psychopathy—and how we might exploit their advantages without ourselves going over to the dark side. Filled with quizzes and interactive exercises to help us better understand the various aspects of our personalities, life stories, and passions, *Be Who You Want* will appeal to anyone who has ever felt constrained by how they've been characterized and wants to pursue lasting change.
