Your Final Moments Jay Coles,2025-06-03 A heartbreaking story of suicide, addiction, and hard truths from acclaimed author Jay Coles, for fans of *The Perks of Being a Wallflower*, *You've Reached Sam*, *They Both Die at the End*, and *Tiffany D. Jackson*. Hakeem goes to Narcotics Anonymous meetings to keep his addictions in check. But when his best friend Miles kills himself, Hakeem finds the days harder and harder to get through. He loved Miles -- maybe even loved loved him -- and he's haunted by the fact that there might have been something he could have done to ease his friend's pain. He meets a girl named Eliza in his NA meetings, and she is there for him when something truly out-there happens... Hakeem calls Miles's old phone number. And Miles not only calls back from beyond the grave, but has news to share: He didn't kill himself. He was murdered. Finding out the truth about Miles might end up helping Hakeem find his way to his own truth... and further strength to stay alive himself. But as his relationship with Eliza grows, other cracks begin to show... and holding his world together may be even harder than he thought it would be.

The Boy Who Died and Came Back Robert Moss,2014-02-15 Travels in Many Worlds with a Master Storyteller Join Robert Moss for an unforgettable journey that will expand your sense of reality and confirm that there is life beyond death and in other dimensions of the multiverse. Moss describes how he lived a whole life in another world when he died at age nine in a Melbourne hospital and how he died and came back again, in another sense, in a crisis of spiritual emergence during midlife. As he shares his adventures in walking between the worlds, we begin to understand that all times — past, future, and parallel — may be accessible now. Moss presents nine keys for living consciously at the center of the multidimensional universe, embracing synchronicity, entertaining our creative spirits, and communicating with a higher Self.

The Illusion of Inclusion Helen Turnbull,2016-08-18 We may say we want to be inclusive, but what if we really don't? What if our brains are hard-wired for selfishness and similarity and not for diversity and altruism? Having a diverse workforce is no guarantee that the work environment is inclusive. Companies hire for diversity and manage for similarity. We

hire people for their difference and then teach them directly and indirectly what they have to do to fit in to the corporate culture. The Illusion of Inclusion exposes a myriad of diverse reasons why people are not more fully engaged and offers you the key to unlock the “Geometry of Inclusion”. This book takes the lid off Pandora’s box and explores the complexity of inclusion; where affinity bias or “mini-me” syndrome and the need to fit in are unconsciously blocking our ability to be inclusive. It offers a road map and an easy to comprehend model on how to minimize the impact of unconscious and conscious biases in order to embed an inclusive organizational culture.

Growing Big Dreams Robert Moss, 2020-09-29 LEARN TO MANIFEST YOUR HEART'S DESIRES *Growing Big Dreams* is a passionate yet practical call to step through the gates of dreams and imagination to weather tough times, embark on travel adventures without leaving home, and grow a vision of a life so rich and strong it wants to take root in the world. Vitally relevant today more than ever, dreams are a tool available to all. Robert Moss is a cartographer of inner space, equally at home in Jung's psychology and shamanic journeying. The compelling stories, playful activities, and wild games he provides are designed to lead you to manifest a life of creative joy and abundance. You'll learn to connect with your inner imagineer and become scriptwriter, director, and star of your own life movies, choosing your preferred genre and stepping into a bigger and braver story. Great artists, mystics, and shamans know that there are places of the imagination that are entirely real. Moss shows you how to get there.

Resetting Susan B. Hassmiller, 2020-01-07 A wife and medical professional reflects on the loss of her husband in a series of reflections that reveal the emotional stages of grief and healing. Although grief and loss are universal human conditions, the idea of losing those we love is still greatly feared, largely undiscussed, and certainly not prepared for. It is no wonder people feel alone and isolated in their feelings and thoughts when loss comes to them. Longtime nurse and Red Cross volunteer Susan Beth Hassmiller is no stranger to death. Not only has she experienced the suffering of death alongside her patients, but she was blindsided by the physical and emotional toll of loss in her personal life when her husband was fatally injured in an accident. *Resetting* is written in a daily diary format in which Susan opens a very private window to the actual feelings and thoughts she lived through during her grief process. Raw and gripping, *Resetting* reveals a profound understanding of the human experience of death. By sharing her perspective as a wife, widow and medical professional, Susan helps those who going through grief gain a new perspective and a greater understanding of death, while also offering ideas on how to help those who are experiencing bereavement—from words to say to providing support.

The Christie Legacy Jennifer Marshall, 2004-02 For twenty-four year old Sarah, the death of her grandfather triggers a series of events that reveal capabilities she didn't know she had. Just as she thought her life was mapped out before her, she finds herself faced with a choice that means it will never be the same again. For twenty-six year old Nathan James, the death of Sarah's grandfather signals a whole range of complications that he and his community were hoping they would never have

to face. Set against the backdrop of the Great Plains of the American mid-west, *The Christie Legacy* is a modern day pioneering story with a difference. It marries the complications of a dominant, modern world with the simplicity of ethnic existence. It is the story of two people, and those around them, who live worlds and cultures apart, whose lives become unavoidably and irrevocably entwined through a series of mystical, tender, tense and sometimes dangerous events.

Europe Between East and West Rudolf Steiner, 2024-05-24 In a broad-ranging series of lectures, Rudolf Steiner shines new light on the spiritual background to the outbreak of the Great War in Europe. Spiritual entities stand behind the various peoples of the world, he says. He describes how these beings – Folk Souls – relate to the cultural diversity of Europe, America and the East, and speaks of their individual tasks and destinies in relation to the deeper causes of the catastrophic war. Central Europe has the particular mission of mediating between the Western world, the Slavic countries and by extension the East. Steiner alleges that Western secret societies consciously suppressed the spiritual life of this central cultural region through malign activities. These same brotherhoods exploited H. P. Blavatsky's occult faculties for their own ends. Given in Munich between the years 1914 and 1918 – and appearing in English for the first time – Rudolf Steiner addresses an array of topics in these lectures, including the potential elimination of the soul through specific medicines; intelligence testing as an expression of an ahrimanic trend; the stunted state of inner growth of many people after the age of 27; the effects in the spiritual world of those who die young; how war is an educator of selflessness; and the significance of Michael for the appearance of Christ in the etheric. The volume also features an introduction by Terry Boardman, editorial notes and an index. Trans. by C. Bryan; Intro. by T. Boardman (Twelve lectures, Munich, Dec. 1914–May 1918, GA 174a); 312pp; 23.5 x 15.5 cm
