Black Ice Becca Fitzpatrick, 2023-01-03 Sometimes danger is hard to see... until it's too late. Britt Pheiffer has trained to backpack the Teton Range, but she isn't prepared when her ex-friend, who still haunts her every thought, wants to join her. Before Britt can explore her feelings for Calvin, an unexpected blizzard forces her to seek shelter in a remote cabin and accept the hospitality of its two very handsome occupants -- but these men are fugitives, and they take her hostage. In exchange for her life, Britt agrees to guide the men off the mountain. As they set off, Britt knows she must stay alive long enough for Calvin to find her. Things get even more complicated when Britt finds chilling evidence of a series of murders that took place on that very mountain -- a discovery that may make her the killer's next target. But nothing is at it seems in the mountains, and everyone is keeping secrets, including Mason, one of her kidnappers. His kindness is confusing Britt. Is he an enemy or an ally?

Not to mention that Nora is haunted by images of her father and starting to become obsessed with finding out what really happened to him that night he left for Portland and never came home. The farther Nora delves into the mystery of her father's death, the more she comes to question if her Nephilim blood line has something to do with it as well as why she seems to be in danger more than the average girl when she has a guardian angel. Since Patch isn't answering her questions, she has to start finding the answers on her own. But when she finds them, will she be able to count on Patch or are the things he's hiding from her darker than she can imagine?
