Crisis de valores en el cine posmoderno Gérard Imbert, 2019-01-31 Hablar de valores es interesarse por la relación del sujeto con el mundo: el mundo objetivo (los objetos materiales), el mundo social (el otro, la realidad humana) y el mundo subjetivo e inmaterial (la conciencia: el cómo percibo el universo de valores en el que vivo). Indica nuevos modos de sentir, con su reverso, lo que he llamado el sin sentir. El cine actual exagera estas mutaciones porque da cabida a todos los imaginarios, abre la puerta a los deseos, hasta a veces los más inconfesables, es a menudo un instrumento de cuestionamiento y refleja una profunda crisis de valores: el presentismo (el volcarse en el inmediato presente), el miedo al futuro que se traduce en visiones postapocalípticas, el redescubrimiento del cuerpo y su exploración extrema, los cambios en lo que respecta a la pareja, el neo-existencialismo que se manifiesta mediante estados de supervivencia, resistencia pasiva, crisis de los treinta, la revisión de valores y mitos colectivos que sirvieron de cimiento del sueño americano, la asunción del horror como parte de la realidad humana y nuevo territorio identitario, los juegos con la verdad (lo que fundamenta los valores). Esta crisis refleja una volatilización de los valores (que sean más cuestionables, relativos y mutables), en especial dentro de lo que he llamado el cine posmoderno, que surge en las dos últimas décadas: un cine más allá del buen decir (lo políticamente correcto) y del bien mostrar (lo estéticamente correcto).

Guía del cine Carlos Aguilar Gutiérrez, 2018-09-27 El presente volumen encierra el diccionario de películas más extenso y variado en lengua española, e incluye películas de toda índole y nacionalidad, desde el cine mudo hasta el presente año. Cada entrada incluye los datos fundamentales (título español y original, año y país de producción, director, guión, fotografía, música, duración e intérpretes), más una sinopsis orientativa. Asimismo, incluye dos índices, el de directores con las películas recogidas en la obra, relacionadas por orden cronológico, y el de títulos originales, con sus correspondientes españoles.

Panorama del cine iberoamericano en un contexto global. Historias comunes, propuestas, futuro Ana Sedeño, 2015 Panorama del cine iberoamericano en un contexto global. Historias comunes, propuestas, futuro trata de realizar una revisión del estado actual de los cines nacionales de la zona, desde una perspectiva de complejidad generalizada, caracterizada por condiciones industriales globalizadas. Las políticas públicas han dibujado unas cinematografías con diversos estados de madurez, aunque todas marcadas por la hegemonía norteamericana en distribución y la diferente capacidad para conectar con el público interno. Esto supone un contexto voluble que hace pensar que el paisaje

cinematográfico iberoamericano se verá continuamente transformado en el futuro. Por otro lado, los autores proponen una reflexión sobre los imaginarios fílmicos iberoamericanos, marcados por la realidad social desigual y heterogénea de cada uno de los países analizados: la violencia, la situación de la mujer, la memoria... son sólo algunas de las problemáticas que marcan la representación propia en el audiovisual iberoamericano contemporáneo.

Formateando la memoria: otra historia de Colombia Diego Mateus, 2022-03-07 ¿Qué tal si nos miramos como nación desde lo positivo por primera vez? ¿Qué tal si dejamos de criticarnos y más bien reconocemos que, a pesar de todo lo malo que nos repiten los noticieros y los vecinos a diario, hemos logrado cosas increíbles? Con una mirada nueva y el humor que caracteriza a este comediante de la noche, el autor enfrenta la historia de Colombia desde nuestros grandes logros y no desde la desesperanza que se ha sembrado en los últimos años. Pero, ¿por qué volver a hablar de Colombia y de por qué somos como somos? Porque durante su tiempo como profesor en la Universidad Nacional Diego Mateus logró despertar un interés inimaginado en los estudiantes acerca de la historia colombiana vista desde otro lugar, tanto que para su cátedra hacían filas eternas los alumnos.

Subverting Sex, Gender, and Genre in Cuban and Mexican Detective Fiction Ailsa Peate, 2024-09-25 The presence of bodies and sex in detective fiction has been a long-term feature of this internationally popular genre. Titillation is at the centre of narratives reliant upon discovery and revelation: motives and criminals are slowly revealed, along with sexualized and violated bodies – from femmes fatales to the corpses of victims. A satisfying, gratifying genre for its readership, the detective novel promises the disruption and subsequent restoration of order in societies tarnished by disillusionment which hope for a better future. This book takes as its focus examples of detective fiction from Cuba and Mexico during or in the aftermath of huge social upheaval (the Special Period and the War on Drugs), analyzing representations of sexualities, bodies, and the genre itself. Through an investigation of novels by Leonardo Padura and Amir Valle of Cuba, and Belfrage and Rogelio Guedea of Mexico, this work investigates increasingly fluid sexualities and bodies in challenging examples of metaphysical detective fiction, a particularly anxious subgenre which challenges both the structures and limits of the detective novel and the reader's understanding of true and false and right and wrong, representative of troubling periods of severe social disruption for Cuba and Mexico.

Les Chiens Andalous Manuel Ocampo, 2001 This is the catalogue of an exhibition of paintings and works on paper curated by artist Manuel Ocampo and featuring work by Ocampo and three of Spain's most dynamic contemporary artists: Patricio Cabrera, Chema Cobo, and Curro González. Of the many brilliant artists that the Philippine-born Ocampo met during his sojourn in Seville, the three he has included in this exhibition-Cabrera, Cobo, and González-inspired his deepest admiration. Ocampo writes in his introduction, All three painters have established careers in their native country, so I am by no means trying to organize a show featuring a new trend in Spanish art or a survey of Andalusian artists. I have noticed, however, that only a very small number of Spanish artists are widely known in the U.S. and internationally. This exhibition is my attempt to broaden an appreciation of Spanish painters, with a focus on the province I love most. Les Chiens Andalous combines four outstanding artists whose visions are fortified with historical and political awareness, yet tinged with what Ocampo calls Spanish surrealism's twisted logic. Citing the Luis Buñuel film from which the exhibition takes its name, he points out: What the movie is notorious for is the scene depicting what some consider the most violent act committed against the eye in film history. I hope the works included in this show attack the visual senses in a similarly positive and liberating way. Texts: Introduction by Manuel Ocampo. Essay by Kevin Power. Kevin Power interviews the artists.

Discover tales of courage and bravery in is empowering ebook, Stories of Fearlessness: **El Ao Mas Violento Pelicula** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
