

# Genghis Khan The Making Of The Modern World

**Jack Weatherford**

Genghis Khan and the Making of the Modern World Jack Weatherford, 2005-03-22 NEW YORK TIMES BESTSELLER •

The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age—by the author featured in *Echoes of the Empire: Beyond Genghis Khan*. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal religious freedom, and smashed feudal systems of aristocratic privilege. From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made.

*Genghis Khan and the Making of the Modern World* Jack Weatherford, 2008

Genghis Khan and the Quest for God Jack Weatherford, 2016 Reveals how Genghis Khan harnessed the power of religion to rule the largest empire the world has ever known. By the New York Times best-selling author of *Genghis Khan and the Making of the Modern World*, --NoveList.

**Summary of Genghis Khan and the Making of the Modern World - [Review Keypoints and Take-aways]** PenZen Summaries, 2022-11-29 The summary of *Genghis Khan and the Making of the Modern World* - The fascinating story behind the Mongol Empire presented here include a short review of the book at the start followed by quick overview of main points and a list of important take-aways at the end of the summary. The Summary of What you thought you knew about the Mongols who lived in the twelfth century will be called into question after reading these blinks. They will demonstrate why it is unfair of you to think of them as uncivilised barbarians and they will show you why. Indeed, the Mongol army led by Genghis Khan and his descendants brought order, trade, and civilization; the Mongol Empire was a significant contributor to the development of the modern world. *Genghis Khan and the Making of the Modern World* summary includes the key points and important takeaways from the book *Genghis Khan and the Making of the Modern World* by Jack Weatherford. Disclaimer: 1. This summary is meant to preview and not to substitute the original book. 2. We recommend, for in-depth study purchase the excellent original book. 3. In this summary key points are rewritten and recreated and no part/text is directly taken or

copied from original book. 4. If original author/publisher wants us to remove this summary, please contact us at support@mocktime.com.

**The Secret History of the Mongol Queens** Jack Weatherford, 2010-02-16 “A fascinating romp through the feminine side of the infamous Khan clan” (Booklist) by the author featured in *Echoes of the Empire: Beyond Genghis Khan* “Enticing . . . hard to put down.”—Associated Press The Mongol queens of the thirteenth century ruled the largest empire the world has ever known. The daughters of the Silk Route turned their father’s conquests into the first truly international empire, fostering trade, education, and religion throughout their territories and creating an economic system that stretched from the Pacific to the Mediterranean. Yet sometime near the end of the century, censors cut a section about the queens from the *Secret History of the Mongols*, and, with that one act, the dynasty of these royals had seemingly been extinguished forever, as even their names were erased from the historical record. With *The Secret History of the Mongol Queens*, a groundbreaking and magnificently researched narrative, Jack Weatherford restores the queens’ missing chapter to the annals of history.

*Summary of Jack Weatherford's Genghis Khan and the Making of the Modern World* Milkyway Media, 2022-11-26 Buy now to get the main key ideas from Jack Weatherford's *Genghis Khan and the Making of the Modern World* Genghis Khan was no uncivilized tyrant, despite the image his name conjures. In fact, he was a great leader of a great empire that thrived on culture, trade, tolerance, and technological advancements. In *Genghis Khan and the Making of the Modern World* (2004), cultural anthropologist Jack Weatherford traces the history of the Mongol empire, based on his own travels through the area as well as on historical accounts that had long been obscured. The Mongol empire’s impact on the modern world is undeniable, as it paved the way for many cultural and sociopolitical traditions and laws around the world.

*Summary of Genghis Khan and the Making of the Modern World by Jack Weatherford: Conversation Starters* Bookhabits, 2018-02-02 *Genghis Khan and the Making of the Modern World* by Jack Weatherford: *Conversation Starters* In *Genghis Khan and the Making of the Modern World*, readers are introduced to Jack Weatherford's unique insights concerning Genghis Khan and the truth of the Mongolian history in Europe and Asia. The only Western scholar allowed into Khan's homeland and burial site, Weatherford challenges traditionally bloodthirsty characterizations of the historic figure to assert instead a progressive and benevolent image of the ancient ruler. Jack Weatherford delivers *Genghis Khan and the Making of the Modern World* with a thoughtful and reflective tone, critically deconstructing myths about the historic figure to provide a new perspective of the infamous Genghis Khan. A New York Times bestseller, the book aims to shed light on the storied and grandiose legend of Genghis Khan. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. *Conversation Starters* is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that

lives on. These questions can be used to... Create Hours of Conversation: - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters.

*Day of Empire* Amy Chua,2009-01-06 In this sweeping history, bestselling author Amy Chua explains how globally dominant empires—or hyperpowers—rise and why they fall. In a series of brilliant chapter-length studies, she examines the most powerful cultures in history—from the ancient empires of Persia and China to the recent global empires of England and the United States—and reveals the reasons behind their success, as well as the roots of their ultimate demise. Chua's analysis uncovers a fascinating historical pattern: while policies of tolerance and assimilation toward conquered peoples are essential for an empire to succeed, the multicultural society that results introduces new tensions and instabilities, threatening to pull the empire apart from within. What this means for the United States' uncertain future is the subject of Chua's provocative and surprising conclusion.

*Genghis Khan* Cameron White,2015-10-28 It is rare for an individual in history to have successfully made such a mark on their world that people are still talking about them centuries after their death. When you consider the number of people that have existed throughout the millennia that have wielded some kind of power, it takes a remarkable individual to stand out from the crowd. Nevertheless, one such individual did manage to achieve this near-impossible feat of attaining everlasting fame: Genghis Khan. This single person from the relative confines of Mongolia is credited with creating one of the most feared empires that ever existed. When you learn more about his story, the very fact that he achieved so much becomes even more remarkable than you may have at first thought. Genghis Khan was a leader that was ruthless in his aims and ambitions,

a man who thought nothing of destroying everything in his path. His reputation of extreme brutality sent villagers running from their homes when they got even a hint that Genghis Khan was coming their way. But is that the entire story? Was he as bad as history has made him out to be? This was an individual who established an empire that survived for more than a century after his demise, and it did so to such an extent that it was the longest continual empire to have ever been created in the history of the world. A wonderful battlefield commander, a prime tactician, he had a need to conquer the world that shaped this man into a fearless leader that would ultimately go on to shape what we now know as the modern world. In his book entitled *Genghis Khan: The Ruthless Legacy, Great Mongol Empire, and the Making of the Modern World* author Cameron White deeply chronicles how Genghis Khan with fierce determination was able to rise from the ashes of the devastation of his early years to become one of the most remarkable and ruthless leaders of all time.

**China and the West to 1600** Steven Wallech, 2016-03-30 A comparative history of Chinese and Western Civilization from the dawn of agriculture to the dawn of modernity in Europe, *China and the West to 1600* explores the factors that led to the divergent evolution of two major cultures of the ancient world, and considers how the subsequent developments saw one culture cling to tradition even as the other failed to do so, inadvertently setting the stage for the birth of the Modern Era. An accessible and inventive comparative history, suitable for all students at the college level as well as general readers. Compares the history of Chinese civilization with Western civilization from the rise of agriculture to the dawn of the modern period. Explores the ways in which Western failures in the Middle Ages after the Roman Empire's collapse, and China's successes in the same period, laid the groundwork for each culture's divergent path in the modern period. Makes meaningful connections between cultures and over time, through the use of themes such as agriculture, philosophy, religion, and warfare and invasion. Bridges the gap between antiquity and modernity, looking at many factors of the global Middle Ages that influenced the development of the modern world. Features a timeline, maps, endnotes, and complete index.

**Emperor of the Seas** Jack Weatherford, 2024-09-26 Astonishing...Brings to life a thriving - and rather civilized - empire - The Telegraph sparkles with energy, insight and passion... difficult to put down. Nicholas Morton, BBC History Magazine. Control the sea, and you control everything...a gripping tale of dynastic rivalry and innovation, from the author of the classic work *Genghis Khan and the Making of the Modern World*. Genghis Khan built a formidable land empire, but he never crossed the sea. Yet by the time his grandson Kublai Khan had defeated the last vestiges of the Song empire and established the Yuan dynasty in 1279, the Mongols controlled the most powerful navy in the world. How did a nomad come to conquer China and master the sea? Based on ten years of research and a lifetime of immersion in Mongol culture and tradition, *Emperor of the Seas* brings this little-known story vibrantly to life. Kublai Khan is one of history's most fascinating characters. He brought Islamic mathematicians to his court, where they invented modern cartography and celestial measurement. He transformed the world's largest land mass into a unified, diverse and economically progressive empire, introducing paper money. And,

after bitter early setbacks, he transformed China into an outward looking sea-faring empire. By the end of his reign, the Chinese were building and supplying remarkable ships to transport men, grain, and weapons over vast distances, of a size and dexterity that would be inconceivable in Europe for hundreds of years. Khan had come to a brilliant realization: control the sea, and you control everything. A master storyteller with an unparalleled grasp of Mongol sources, Jack Weatherford shows how Chinese naval hegemony changed the world forever - revolutionizing world commerce and transforming tastes as far away as England and France.

**Indian Givers** Jack Weatherford, 2010-08-03 An utterly compelling story of how the cultural, social, and political practices of Native Americans transformed the way life is lived throughout the world, with a new introduction by the author "As entertaining as it is thoughtful . . . Few contemporary writers have Weatherford's talent for making the deep sweep of history seem vital and immediate."—The Washington Post After 500 years, the world's huge debt to the wisdom of the Native Americans has finally been explored in all its vivid drama by anthropologist Jack Weatherford. He traces the crucial contributions made by the Native Americans to our federal system of government, our democratic institutions, modern medicine, agriculture, architecture, and ecology, and in this astonishing, ground-breaking book takes a giant step toward recovering a true American history.

**The Medieval and Early Modern World** Bonnie G. Smith, Donald R. Kelley, 2005 Consists of primary source material and an index to the other six titles in the series.

*The Barnes Review*, 2007

**The Modern World, from Charlemagne to the Present Time** Willis Mason West, 1924

An Age of Empires, 1200-1750 Marjorie Wall Bingham, 2005 The Age of Empires includes some of the most colorful, ruthless, and restless figures in all of history. During this time Genghis Khan told his troops to fall upon the enemy like falcons, Ivan the Terrible expelled Mongol invaders from Russia but murdered his own son in a fit of rage, and Babur the Tiger ruled India, combining ferocity on the battlefield with a love of books and poetry. It is a period of extremes: Muslim Turks tolerated Jews and Christians within the Ottoman Empire yet under the Habsburgs the devastating Thirty Years' War pitted Catholics against Protestants. Lithuanian society was remarkably open, granting women the right to own property and decide their religious beliefs while Spanish and Portuguese colonizers enslaved Native Americans and Africans in Peru and Angola. Beautifully illustrated and filled with maps and primary sources, The Age of Empires captures both the historical sweep and vivid details of this transformative period. From Marco Polo's eyewitness account of an opulent Chinese banquet to a missionary's sermon denouncing Spanish atrocities in the Caribbean, these documents bring the era dramatically to life. They show how the spread of empires meant new lands and great wealth for the conquerors, and death, destruction, and slavery for the conquered. But The Age of Empires also shows how, in their relentless outward expansions, imperial rulers

brought vastly different peoples into contact, opening new trade routes and stimulating intellectual development, as cultures exchanged both goods and ideas. In these ways as well as others, the Age of Empires is the beginning of our own age. The Medieval and Early Modern World tells the colorful story of a pivotal period in human history, an era that is crucial to understanding our own times. The expansion of trade and city life, the spread and reform of religious institutions, the rise of regional empires and local feudal regimes, and revolutionary advances in science and technology laid the foundation for the modern world. Told through the words and experiences of the people who lived it -- kings, queens, and commoners, priests and lay people, explorers, scientists, artists, and world travelers -- this is a world history for a new generation.

**The History of Money** Jack Weatherford, 2009-09-23 "If you're interested in the revolutionary transformation of the meaning and use of money, this is the book to read!"—Charles R. Schwab Cultural anthropologist Jack Weatherford traces our relationship with money, from primitive man's cowrie shells to the electronic cash card, from the markets of Timbuktu to the New York Stock Exchange. The History of Money explores how money and the myriad forms of exchange have affected humanity, and how they will continue to shape all aspects of our lives—economic, political, and personal. "A fascinating book about the force that makes the world go round—the dollars, pounds, francs, marks, bahts, ringits, kwansas, levs, biplwelles, yuans, quetzales, pa'angas, ngultrums, ouguiyas, and other 200-odd brand names that collectively make up the mysterious thing we call money."—Los Angeles Times

*The American Journal of Islamic Social Sciences* ,2006

## **Genghis Khan The Making Of The Modern World** Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever.
