**Electing Madam Vice President** Nichola D. Gutgold, 2021-04-19 Electing Madam Vice President presents the presidential bids of the six women who ran for the Democratic nomination for President of the United States in 2020 and the historic, groundbreaking vice-presidential candidacy of Kamala Harris. When Vice President Kamala Harris and her family moved into Number One Observatory Circle, the official Vice Presidential residence of the United States, she claimed a title no other women in the United States ever had: Vice President. She is closer to the United States presidency than any woman in history. Yet, she has repeated often that she is standing on the shoulders of women who have come before her to try to break down barriers, including the United States Presidency. Often left off the history pages, and out of many Americans' minds, are the bids of women who run for president. The 2020 Democratic primary included the most women ever to run in one election. This book demonstrates the progress women candidates have made as they have moved from symbolic to viable candidates and shines a light on the diminishing obstacles that face women candidates while taking readers on a journey through the victorious progress of a woman United States Vice President.

**For Love of Country** Tulsi Gabbard, 2024-04-30 \*\*#4 on the New York Times bestseller list\*\* Tulsi Gabbard was the rising star of the Democrat Party. But the growing wokeness, fomenting racism, and intolerance were more than she could stomach, and she left. This is her story and a call to action to Americans who love our country and cherish peace and freedom. Today's Democrat Party is controlled by an elitist cabal of warmongers driven by woke ideology and racializing everything. They are a clear and present threat to the God-given freedoms enshrined in the Constitution. A soldier, former member of Congress, and a former presidential candidate, Tulsi loves her country: "I answered the call to serve and swore an oath, dedicating my life to supporting and defending the Constitution, both in uniform and in public office. I have always been an independent-minded person but became a Democrat when I first ran for office because I saw a party that stood up

for the little guy, free speech, and civil liberties. That party is no more.” Today that party is unrecognizable: undermining free speech, antagonistic to people of faith, hostile to the police and law and order, suspicious of law-abiding Americans, supporting open borders, and using our national security apparatus to target political opponents. Now an Independent, Tulsi calls on those who love America to stand up for peace, defend freedom, and protect our democratic republic from those seeking to undermine it at every turn. It’s time to leave the Democrat Party behind.
