Only Love is Real Brian Weiss, 1997 HAVE YOU LOVED - AND LOST - SOMEONE ACROSS TIME? CAN YOU FIND YOUR SOULMATE AGAIN? In Brian Weiss's bestseller *Many Lives, Many Masters*, readers met Catherine. In a hypnotic trance, Dr. Weiss's young patient summoned memories of many past lifetimes, demonstrated an astonishing ability to transmit transcendental messages, and turned the life of a respectable psychiatrist upside down. Now Dr Weiss takes his research one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. He shows how each and every one of us has a soulmate whom we have loved in past incarnations and who waits to reunite with us now. And he opens up entirely new worlds for all of us everywhere, based on a single, powerful truth . . .

Only Love is Real Brian Leslie Weiss, 1996 In this work, Dr Weiss tells the story of two of his patients, Elizabeth and Pedro, whom he claims to have been lovers throughout the centuries. Elizabeth began past-life regression therapy for grief and relationship problems.

Soulmates Carolyn Godschild Miller, 2010-09-07 In her lively and conversational style, Carolyn Miller takes a high-spirited, unsentimental, in-depth look at what a soulmate is and how to connect with that special person. Sharing her own quest and that of dozens of other couples for a meant-to-be relationship, she uses true and extraordinary stories to illustrate what she means by inner guidance. Contrary to popular belief, soulmate couples do not usually recognize each other at first glance: When Roma was but eight years old, she risked her life daily by bringing food to Herman, who was interred in a Nazi concentration camp. They later met repeatedly while both lived in Israel, but it was not until nine years later that they met in New York and recognized that they were soulmates. Karen, a beautiful and successful pop singer, met Pat by handing him her card as she passed him in the street and asking him to call me. They became fast friends, but neither felt that they were right for each other. It was only after they put aside their preconceived ideas of what their ideal partner would be like that they became soulmates. Pedro and Elizabeth first met as they passed one another in a psychiatrist's office. Their therapist felt that they had a past-life connection but ethically could do nothing to bring them together. They met again while waiting for a plane, and discovered they were soulmates. Each chapter ends with guidelines for actualizing a soulmate relationship, which provide a practical aid to the reader who wishes to find his or her own relationship made in heaven.

Healing the Present from the Past Heather S. Friedman Rivera, 2012-12 It is important to document the validity of past life regression therapy. Heather Rivera's research has made an important contribution to this field, and I applaud her work. -Brian L. Weiss, M.D., author of *Many Lives, Many Masters* "Dr. Heather Rivera has written a much needed book for those interested in past life therapy or those practicing it. Her fine book is based on quantified research, rather than strictly case studies. . . The reader will benefit in many ways, perhaps life-changing ways, from this excellent book." Edith Fiore, Ph.D. (Retired Psychologist) Author of *You Have Been Here Before* "Dr. Heather Friedman Rivera is one of the most remarkable torch-bearers of our times, bringing light into the dark recesses of our over-soul to which we are all connected into the universal oneness, through her scholarly quantifying research on reincarnation and past-life regression. She makes skeptics see and hear, and places the scientific dots on reincarnation and past life regression in such a convincing, personal and touching way." Adrian Finkelstein, MD, Former UCLA Psychiatry Professor Researcher/ Author Dr. Heather Friedman Rivera's abrupt healing following a past life regression began a quest of personal discovery and scientific investigation into past lives. Her experience, as well as reports from over 200 respondents from around the world, validate the spiritual, psychological, and physical healings that can result. She reveals her personal journey and the scientific findings from her past life study. Her research is now: ♣ quantifying the type and degree of healing effects from past life experiences ♣ uncovering the factors that drive and influence these effects ♣ opening the door for more research in this important healing modality ♣ helping bridge gaps between Western medicine and complementary care

Forward—Giving Up is Not an Option Eugen Ehrenberg, 2025-03-19 In November 1991, author Eugen Ehrenberg was diagnosed with multiple sclerosis, and he learned how to manage the imminent limitations in his movements. Twenty years after that, he suffered an accident that left him in the hospital for a long time as he managed to regain part of his mobility. He had to become friendly with his new active wheelchair and later with his hand bike. In *Forward—Giving Up is Not an Option*, Ehrenberg narrates his challenges and surprising adventures after his diagnosis and subsequent accident. He learned to conquer the world anew and fight for his independent mobility again. Giving up was not an option. This memoir shares humorous and entertaining personal stories with his wheelchair and hand bike as well as helpful suggestions for others with and without disabilities. *Forward—Giving Up is Not an Option* offers a compelling narrative of one man's persistent, inventive, and ultimately triumphant journey to achieve mobility independence in his environment—and far beyond.

Becoming Multisensory Donna Kettler Guice, 2003 This captivating, story-based guidebook for the spiritual seeker outlines specific methods for getting through life's experiences by connecting with All That Is, ultimately creating a personal Heaven on Earth. With courage and honesty, Guice describes a past filled with addictions that helped to numb painful emotions arising from lack of self-esteem. After a lifetime of perceiving herself as not good enough, she has an awakening

where she hears the voice of God, and life is never the same. She becomes the spiritual seeker and has spiritual experiences that take her to places she never dreamed of. You will learn about meditation, spiritual journeys, and a six step process of Becoming Multisensory. As the author begins to LISTEN and BECOME AWARE of everything around and within her, old negative thoughts and practices are discarded and she takes a different, less traveled road. This book is an emotionally moving autobiography interspersed with stories of healing, synchronicity, and Divine Guidance that will motivate and inspire you. You will learn how to meditate, how to listen to your intuition, how to watch for signs from nature and the dreamtime, and how to make wise decisions that empower you. Prepare to be motivated!

Demystifying Death and Life After Rajendra Tiwari, 2025-07-30 The fear of death is only due to ignorance. Whoever knows this secret, removes the veil of the unknown and becomes enlightened with the light of knowledge. The content described in the book is not imaginary; on the contrary, it is replete with actual experiences. Attempt has been made to gather some knowledge and to get acquainted with death and its process. Whether there is extreme unbearable discomfort at the last stage, has been answered. As a result of interviews with the spirits, one message repeatedly received, that is, 'Mend your ways, otherwise there are problems at the time and after death. The purpose of this book is to know what we should do so that death is a pleasant experience. Quotes of the principle of Karmayoga as mentioned in 'Shrimad Bhagwat Geeta' have also been described.

The Magdalene Awakening L. Shannon Andersen, 2006 This book is the result of a deep and profound quest for origins, meaning, and healing, written at a time when the human condition appears more fractured from within than at any other time in history. In writing *The Magdalene Awakening*, Shannon Anderson has successfully journeyed to that sacred space and has lifted the veil for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission. The smooth narrative style of the book weaves together a magical journey through the author's quest for the true Magdalene energy, the origins of the Cathars, the Gematria that holds the sacred key, and in the end, a call for transformation. This story is a page turner written by someone who knows, and who allows her readers the rare opportunity to discover these mysteries for themselves, but with the benefit of her company and wisdom to help them on their path. Maria Magdalena Colavito, Ph.D., author of *The Pythagorean Intertext in Ovid's Metamorphoses & The New Theogony: Mythology for the Real World*.

Power of the Universe Lies Within You PRADIPTA KUMAR DAS., 2015-11-12 This book delves deep into the genesis and power of human thought. Human civilization has consistently grown over few millennia but the exponential growth during last few centuries of industrialization and particularly during the last half a century due to digital revolution can be attributed to one single phenomenon called Human Thought Processes. The idea of an acronym for Generation, Operation and Destruction (G-O-D) by human thought has a spiritual background based on Karmic Principles, argues the author in the

book. The delicate balance in the brain chemicals that are responsible for harmonious thought processes can sometimes be severely derailed due to modern day anxiety and stress causing immense agonies leading to serious mental health problems. The author had a firsthand experience of such a mental health crisis in July 2000 while during his PhD study in Adelaide, Australia almost leading to a Near Death Experience which he not only survived but could convert the crisis into an opportunity to harvest immense knowledge and wisdom for self-growth. The author has adopted partly an autobiographical approach to put across ideas that he thinks can find some resonance with people struggling to overcome similar mental health problems in life. While researching into concepts of life after death, he raises few questions about the current understanding of human consciousness. The ultimate realization of the author that Humans are infinite spiritual beings in finite bodies has been systematically and logically brought out to enable a conviction that mental health problems are better handled with medico-spiritual practices. The title of the book suggests that to achieve happiness and bliss in life, human beings anywhere in this world need not search elsewhere because it is all there within. The author has outlined all the practical steps which helped him not only overcome his serious crisis but achieve his desired goals and thus sublime happiness. He strongly believes in the universal application of the principles enumerated.
