Only Love is Real Brian Weiss, 1997 HAVE YOU LOVED - AND LOST - SOMEONE ACROSS TIME? CAN YOU FIND YOUR SOULMATE AGAIN? In Brian Weiss's bestseller *Many Lives, Many Masters*, readers met Catherine. In a hypnotic trance, Dr. Weiss's young patient summoned memories of many past lifetimes, demonstrated an astonishing ability to transmit transcendental messages, and turned the life of a respectable psychiatrist upside down. Now Dr Weiss takes his research one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. He shows how each and every one of us has a soulmate whom we have loved in past incarnations and who waits to reunite with us now. And he opens up entirely new worlds for all of us everywhere, based on a single, powerful truth . . .

Only Love is Real Brian Leslie Weiss, 1996 In this work, Dr Weiss tells the story of two of his patients, Elizabeth and Pedro, whom he claims to have been lovers throughout the centuries. Elizabeth began past-life regression therapy for grief and relationship problems.

Soulmates Carolyn Godschild Miller, 2010-09-07 In her lively and conversational style, Carolyn Miller takes a high-spirited, unsentimental, in-depth look at what a soulmate is and how to connect with that special person. Sharing her own quest and that of dozens of other couples for a meant-to-be relationship, she uses true and extraordinary stories to illustrate what she means by inner guidance. Contrary to popular belief, soulmate couples do not usually recognize each other at first glance: When Roma was but eight years old, she risked her life daily by bringing food to Herman, who was interred in a Nazi concentration camp. They later met repeatedly while both lived in Israel, but it was not until nine years later that they met in New York and recognized that they were soulmates. Karen, a beautiful and successful pop singer, met Pat by handing him her card as she passed him in the street and asking him to call me. They became fast friends, but neither felt that they were right for each other. It was only after they put aside their preconceived ideas of what their ideal partner would be like that they became soulmates. Pedro and Elizabeth first met as they passed one another in a psychiatrist's office. Their therapist felt that they had a past-life connection but ethically could do nothing to bring them together. They met again while waiting for a plane, and discovered they were soulmates. Each chapter ends with guidelines for actualizing a soulmate relationship, which provide a practical aid to the reader who wishes to find his or her own relationship made in heaven.

Healing the Present from the Past Heather S. Friedman Rivera, 2012-12 It is important to document the validity of past life regression therapy. Heather Rivera's research has made an important contribution to this field, and I applaud her work. -Brian L. Weiss, M.D., author of *Many Lives, Many Masters* "Dr. Heather Rivera has written a much needed book for those interested in past life therapy or those practicing it. Her fine book is based on quantified research, rather than strictly case studies. . . The reader will benefit in many ways, perhaps life-changing ways, from this excellent book." Edith Fiore, Ph.D. (Retired Psychologist) Author of *You Have Been Here Before* "Dr. Heather Friedman Rivera is one of the most remarkable torch-bearers of our times, bringing light into the dark recesses of our over-soul to which we are all connected into the universal oneness, through her scholarly quantifying research on reincarnation and past-life regression. She makes skeptics see and hear, and places the scientific dots on reincarnation and past life regression in such a convincing, personal and touching way." Adrian Finkelstein, MD, Former UCLA Psychiatry Professor Researcher/ Author Dr. Heather Friedman Rivera's abrupt healing following a past life regression began a quest of personal discovery and scientific investigation into past lives. Her experience, as well as reports from over 200 respondents from around the world, validate the spiritual, psychological, and physical healings that can result. She reveals her personal journey and the scientific findings from her past life study. Her research is now: ♣ quantifying the type and degree of healing effects from past life experiences ♣ uncovering the factors that drive and influence these effects ♣ opening the door for more research in this important healing modality ♣ helping bridge gaps between Western medicine and complementary care

The Magdalene Awakening L. Shannon Andersen, 2006 This book is the result of a deep and profound quest for origins, meaning, and healing, written at a time when the human condition appears more fractured from within than at any other time in history. In writing *The Magdalene Awakening*, Shannon Anderson has successfully journeyed to that sacred space and has lifted the veil for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission. The smooth narrative style of the book weaves together a magical journey through the author's quest for the true Magdalene energy, the origins of the Cathars, the Gematria that holds the sacred key, and in the end, a call for transformation. This story is a page turner written by someone who knows, and who allows her readers the rare opportunity to discover these mysteries for themselves, but with the benefit of her company and wisdom to help them on their path. Maria Magdalena Colavito, Ph.D., author of *The Pythagorean Intertext in Ovid's Metamorphoses & The New Theogony: Mythology for the Real World*.

Demystifying Death and Life After Rajendra Tiwari, 2025-07-30 The fear of death is only due to ignorance. Whoever knows this secret, removes the veil of the unknown and becomes enlightened with the light of knowledge. The content described in the book is not imaginary; on the contrary, it is replete with actual experiences. Attempt has been made to gather some knowledge and to get acquainted with death and its process. Whether there is extreme unbearable discomfort at the

last stage, has been answered. As a result of interviews with the spirits, one message repeatedly received, that is, 'Mend your ways, otherwise there are problems at the time and after death. The purpose of this book is to know what we should do so that death is a pleasant experience. Quotes of the principle of Karmayoga as mentioned in 'Shrimad Bhagwat Geeta' have also been described.

Exploring the Conscious Self J.L. Harter, 2014-08-23 For the serious student of life here in the Earth School, this work may help you push your own boundaries of beliefs, perceptions and assumptions and lead you into a deeper course of inquiry within the heart and soul of you. It's in large part why you are here. So, I've gathered together three works that explore different aspects of consciousness with a small c and along with painting a different perspective of the big C in terms of the Cosmic Consciousness, Source or God, however it is you might like to reference it. It is my contribution towards helping to create that little instruction book we all could use. It is my greatest hope that you might find something of value, something to make you think or something that might give you pause to realize you are so much more than you've been taught by conventional religion and various courses of earliest teachings from elementary school and beyond.

Searching for Eternity Donald R. Morse, 2000 What happens when we die? Do we simply cease to exist with our consciousness obliterated for all eternity? Or do we have an enduring soul that can continue to experience awareness and some form of ongoing 'life.' Does God exist? Without a creator, how can the universe exist? What is the purpose of the universe and what is its ultimate fate? Does our behavior in day-to-day life really influence what happens to us after we die? Why do many people believe in a heaven and a hell? What is the basis of these beliefs? Should we be anxious about our death or just enjoy life in the here-and-now? Can these ultimate mysteries be solved by science? What does science already know about the mysteries of creation? Sooner or later, all of us will face the stark reality of death. Many people go through life with an increasing awareness -- and increasing anxiety -- about their eventual fate. Dr. Don Morse, a scientist who believed in the

absolute finality of death, did, too. Then his near-death experience led him on a quest to uncover what science knows about the nature of death. Dr. Morse's subsequent spiritual journey led him through the entire realm of science and religious beliefs until he came to an inescapable conclusion: Some form of an afterlife must exist. Join Dr. Morse as he summarizes the vast research and data leading to this conclusion. Near-death and out-of-body experiences, experiments creating apparitions, research attempting to weight the soul, and the wide range of ancient and modern spiritual concepts are all covered in this masterful, comprehensive scientific quest for truth.--back cover.
