D.R.E.A.M.C.H.A.S.E.R: 8 Ways to Make It Happen Lynne Kayenne, 2013-03-19 'D.R.E.A.M.C.H.A.S.E.R: 8 Ways to Make it Happen'. Its aimed primarily at young people and uses examples of contemporary popular culture to hopefully inspire and motivate. I make references to song lyrics, movie quotes, biographical references from celebrities such as Oprah Winfrey, Beyonce, Rihanna, Sylvester Stallone, Michael Jordan, J.K Rowling, Lady Gaga and Jay-Z to name but a few, in an attempt to inspire, awaken, empower and help people take action towards the realisation of their dreams. I decided to use examples of celebrities who have experienced real setbacks in their personal and professional lives but went on to achieve an extraordinary amount of success. These celebrities have been specifically chosen to relate to a youth audience and the book is written in a language and in a context that should also appeal to this audience. I want the youth of today to aspire to greatness but also see the truth behind greatness...that many of the people we view as 'the greats' have had enormous setbacks which could easily have made them give up on their dreams but their self belief, strong work ethic, determination and desire to achieve them helped them overcome these obstacles. Actor and mega star, Will Smith once said people view greatness as this unachievable thing reading D.R.E.A.M.C.H.A.S.E.R will help people realise that greatness is achievable and will also hopefully help them kick start their Dream Chase

Pygmalion Effect - a Manager's Introspection Shashank K,2017-12-20 Every individual must know what makes them work hard to achieve their goals. It is not just money that makes people feel motivated, there are various other intrinsic and extrinsic factors that must be considered when we have to motivate others and ourselves. Various aspects of and different approaches to team motivation are explained in this book. Most managers do not realize the importance and need for motivation, but always expect the best from their team. The application of the Pygmalion Effect is never in practice, which would otherwise enhance the performance of an individual by simply putting faith and confidence in him or her. This book illustrates how this theory can be applied within organizations to achieve better results at the individual and team levels, eventually meeting organizational goals. In real life, it is usually seen that with a small failure, people tend to lose focus, interest and motivation to do something. It is hard to accept failure, erase it from memory or from a chapter of your life and move ahead. But there is no other way- you have to live your life so that you keep moving ahead. In this book, you will find some stories of success through failure of eminent individuals and also some inspiring stories. This book will change your views on motivation and unveil how crucial it is in life.

Are You Psychic or Making It Up? Carole Lynne,2025-09-12 A road map for people who think they may be psychic—and their loved ones Are You Psychic or Making It Up? is a must-have book for anyone who is having psychic or mediumistic experiences (and possibly thinks they're going crazy) and their friends and families. Carole Lynne begins with some badly needed truths. Chief among them: not everyone is psychic. While everyone can develop their intuition and get in touch with the inner psychic voice, those who are psychic and mediumistic have received special spiritual gifts. If that sounds familiar, this is definitely the book for you. Learn how to take care of your extra sensitive self. Learn how to evaluate your

experiences and to make choices about whether to further develop your gifts. Get advice on what type of further training and study you might benefit most from. And, for friends and families, learn to appreciate your psychic loved ones and that it is an honor to be psychic. Carole Lynne writes from authority earned over decades of personal experience and study, teaching, and working with clients, many of whom come to her for mediumistic readings. Others come to her to learn how to develop their own psychic and mediumistic powers. It is those people and the thousands more like them who will benefit from this book.

This no-holds-barred account graphically describes that first year in the Premier League and the dramas of one football fan's journey.
