Nando Parrado Virginia Loh-Hagan, 2018-01-01 Could you survive a plane crash in the Andes mountain range? Nando Parrado: Crash in the Andes in the True Survival series explores Parrado's shocking survival story. The book is written with a high interest level and lower level of complexity to serve more mature students reading at lower levels. Clear visuals, colorful photographs (including images of the survivors!), and considerate text help with comprehension and wild facts hold the

readers' interest from the first page to the last. A table of contents, glossary, and index all enhance comprehension and vocabulary.

I Had to Survive Roberto Canessa, Pablo Vierci, 2016-03 This is a gripping and heartrending recollection of the harrowing brink-of-death experience that propelled survivor Roberto Canessa to become one of the world's leading pediatric cardiologists. Canessa played a key role in safeguarding his fellow survivors, eventually trekking with a companion across the hostile mountain range for help. This fine line between life and death became the catalyst for the rest of his life. This uplifting tale of hope and determination, solidarity and ingenuity gives vivid insight into a world famous story. Canessa also draws a unique and fascinating parallel between his work as a doctor performing arduous heart surgeries on infants and unborn babies and the difficult life-changing decisions he was forced to make in the Andes. Print run 75,000.

Miracle in the Andes Nando Parrado, 2006 On 13 October 1972, the members of a top Uruguayan rugby team were flying over the Andes to play in Chile. Their plane crashed into a mountain and was stranded 11,000 feet up on an inhospitable glacier. Many died instantly in the crash, including the person sitting next to Nando, but others survived. They had almost no food or suitable equipment to withstand temperatures as low as -35C, and had to eat the bodies of their dead team-mates to survive. With the prospect only of a slow death, and no rescue likely, Nando and one of his friends set off on an impossible journey, walking and climbing for ten days in search of help. Finally, after 72 days, the 16 survivors were brought to safety. Parrado's unique viewpoint brings a new perspective to this remarkable story. His hugely inspirational tale shows how the strength of the human spirit, the close bond of friendship and faith can make you achieve the impossible. He explains how, once you realise that you must surely die, no risk becomes too great. Above all, Parrado came to understand that the opposite of death wasn't life, but love. And it was love, for his waiting father and the mother and sister who died in the crash, that saw him home.
