World Entertainment Media Paolo Sigismondi,2019-07-25 This new book offers an insightful guide into the complex tapestry of global entertainment media markets. It features analyses and case studies from leading international media scholars, who explore the causes and effects of globalization upon this ever-evolving industry. There are still opposing and restraining forces to globalization processes taking place in media, and the global mediascape comprises international, regional and local markets, and global and local players, which in recent years have evolved at an uneven pace. By analyzing similarities and differences in a landscape where driving forces of globalization meet locally situated audiences and institutions, this volume unveils a complex, contested space comprising global and local players, whose success is determined by both their national and international dimensions. It guides its readers to the geographical and intellectual exploration of the international media landscape, analyzing the global and local media players and their *modus operandi*. Editor Paolo Sigismondi's insightful, engaging collection presents a compelling and novel approach to the analysis of global entertainment media. *World Entertainment Media: Global, Regional and Local Perspectives* is an ideal starting point for students and practitioners alike looking to build a solid understanding of the global mediascape, and a great resource for instructors and scholars in global media entertainment.

Monumental Tales Jackie Buckle,2019-01-01 Around the world there are thousands of pet statues and memorials with fascinating stories behind them. Some reveal insights into our social history, such as the little brown dog in Battersea that was a focus of suffragette riots. Others have wonderfully quirky origins, like the twenty-three cats of York: sculptures added to buildings designed by a cat-loving architect. Many more reveal tales of courage, loyalty, myth, and legend. From Egyptian cat goddesses and the heroic dogs of war, to search-and-rescue canines on 9/11 and Tombili the Turkish moggy who became an Internet sensation, this book brings together a selection of the most surprising, amusing and illuminating stories, complete with dozens of full-colour photographs. Anyone with an appreciation of pets, the varied roles they play in our lives, and the ways in which our relationships with them have evolved over time, should find much of interest in this book. Should you spot some pet statues or memorials of your own, please do let the author know via the book's website: www.monumentaltales.org.uk.
