Money Raising Masterclass Norman Meier, 2020-05-17 There are a total of 46.8 million millionaires worldwide at the beginning of the year 2020, and they collectively own approximately \$158.3 trillion. There are millions of millionaires in the world and the number is increasing with each year. The only question that you should ask yourself, is why you are not one of them yet? How did those people become millionaires or even billionaires? Did they have a great 9 to 5 job that paid them really well? Most definitely not! They are all business owners and own shares of their own public company. No one becomes a billionaire by simply earning a salary from a job each year. People become wealthy by owning a significant share position in a company that is listed in the stock market. But how did they start out? How do you become a multi millionaire? They all started with a business idea. Then they incorporated a corporation, issued shares for themselves and raised money from

investors. Eventually, they took the company public in the stock market and it was valued a several hundred millions of dollar. I have raised \$40 million in 2.5 years from 500 investors and his company was valued at over \$300 million in the stock market. Actually, I raised over \$400 million from private investors and \$600 million from institutional investors in my career since 1995. But the goal of this book is to teach you the things that you need to know to raise the first one or two million dollars by yourself so that you can take your company public in the stock market and attract millions more afterwards. This book will teach you everything about this process and how I have done it.

Resurrection of Your Inner Hero Jim Snyder,2014-10-14 Hes in therethe man you want to beor the man you want him to be. Really, hes in there. And Jims book is going to help you find him, and live the life you want to live as a man. John Eldredge, author of Wild at Heart Since the beginning of time in the Garden of Eden, man has gone about building a new reality where he is king and controls all things. This flawed intention leads all of us into the dead ends of life where instead of fulfilling the illusion within our mind, we become more frustrated and unfulfilled. Through his excellent book, Jim shows us that the answer is not outside of us nor is it in us trying harder but instead in learning to loosen our grip and trust the only one who has all things under his control. This is a must read for you and all your friends. Pablo Giacobelli, author of Holding on Loosely and Leadership Coach Many books intended for men are long on guilt and short on hope. Not this one! I was convicted, challenged, inspired, and given real life application to be the man God intends. Get this book! Chris Wells, Christian speaker & chaplain for the BASS Elite Series Passivity has been with men since the fall of Adam. While its a part of us, it doesnt have to be the dominant theme in our lives. Resurrection of Your Inner Hero provides detailed examples, illustrations, and explanations that can help men identify their areas of passivity, and the tools necessary to overcome. This epic reversing of Adams failure will set men free from the bondage of passivity, help guide them to be the men God wants them to be, and provide restoration to their marriages and families.
