Those Who Can, Teach Stanley E. Porter,2013-08-29 For many aspiring academics, the transition from doctoral student to classroom teacher is a challenging one. The classroom culture, the needed pedagogical skills, and the expected level and type of work are significantly different in the two environments. Nevertheless, most doctoral students go on to teach in undergraduate or seminary classrooms. To prepare the PhD students at McMaster Divinity College to negotiate this transition successfully, the faculty holds a biennial colloquium covering the major dimensions, both theoretical and practical, of a Christian teaching vocation. On the basis of the presentations of the colloquium, the essential topics have been addressed in essays prepared for this volume for the benefit of all who aspire to excellence in their teaching, especially those

in Christian higher education.

Those who Can-- Teach! Lorraine Glennon, Mary Mohler, 1999 Many successful people can point to a single teacher

whose talent and dedication made a crucial difference in their lives. Sometimes former students clearly recall a teacher's casually brilliant remark that produced an instant aha! response; sometimes they are affected by a teacher's passionate devotion to professional duty. The methods of a great teacher are as varied and distinctive as teachers themselves, but the result - inspired teaching - is a gift enjoyed for a lifetime. *Those Who Can . . . Teach* brings together personal reminiscences about gifted educators from a wide array of contributors, including writers, entertainers, business leaders, religious figures, politicians - and of course teachers themselves. Some are humorous, others irreverent, others sweet, still others passionately polemical. Based on interviews conducted by the editors, the book includes many excerpts culled from literature, personal letters, and film.
