

A History Of God

Karen Armstrong

A History of God Karen Armstrong, 1994-08-09 Why does God exist? How have the three dominant monotheistic religions—Judaism, Christianity, and Islam—shaped and altered the conception of God? How have these religions influenced each other? In this stunningly intelligent book, Karen Armstrong, one of Britain's foremost commentators on religious affairs, traces the history of how men and women have perceived and experienced God, from the time of Abraham to the present. The epic story begins with the Jews' gradual transformation of pagan idol worship in Babylon into true monotheism—a concept previously unknown in the world. Christianity and Islam both rose on the foundation of this revolutionary idea, but these religions refashioned 'the One God' to suit the social and political needs of their followers. From classical philosophy and medieval mysticism to the Reformation, Karen Armstrong performs the near miracle of distilling the intellectual history of monotheism into one superbly readable volume, destined to take its place as a classic. Praise for *History of God* “An admirable and impressive work of synthesis that will give insight and satisfaction to thousands of lay readers.”—The Washington Post Book World “A brilliantly lucid, spendidly readable book. [Karen] Armstrong has a dazzling ability: she can take a long and complex subject and reduce it to the fundamentals, without oversimplifying.”—The Sunday Times (London) “Absorbing . . . A lode of learning.”—Time “The most fascinating and learned study of the biggest wild goose chase in history—the quest for God. Karen Armstrong is a genius.”—A.N. Wilson, author of *Jesus: A Life*

A History of God Karen Armstrong, 1993 We look first at the gradual move away from the pagan gods to the full-fledged monotheism of the Jews during the exile in Babylon. Next considered is the development of parallel, yet different, perceptions and beliefs among Christians and Muslims.

A History of God Karen Armstrong, As soon as they became recognizably human, men and women--in their hunger to understand their own presence on earth and the mysteries within and around them--began to worship gods. Karen Armstrong's masterly and illuminating book explores the ways in which the idea and experience of God evolved among the monotheists--Jews, Christians and Muslims. Weaving a multicolored fabric of historical, philosophical, intellectual and social developments and insights, Armstrong shows how, at various times through the centuries, each of the monotheistic religions has held a subtly different concept of God. At the same time she draws our attention to the basic and profound similarities among them, making it clear that in all of them God has been and is experienced intensely, passionately and often--especially

in the West--traumatically. Some monotheists have seen darkness, desolation and terror, where others have seen light and transfiguration; the reasons for these inherent differences are examined, and the people behind them are brought to life. We look first at the gradual move away from the pagan gods to the full-fledged monotheism of the Jews during the exile in Babylon. Next considered is the development of parallel, yet different, perceptions and beliefs among Christians and Muslims. The book then moves generationally through time to examine the God of the philosophers and mystics in all three traditions, the God of the Reformation, the God of the Enlightenment and finally the nineteenth- and twentieth-century challenges of skeptics and atheists, as well as the fiercely reductive faith of the fundamentalists of our own day. Armstrong suggests that any particular idea of God must--if it is to survive--work for the people who develop it, and that ideas of God change when they cease to be effective. She argues that the concept of a personal God who behaves like a larger version of ourselves was suited to mankind at a certain stage but no longer works for an increasing number of people. Understanding the ever-changing ideas of God in the past and their relevance and usefulness in their time, she says, is a way to begin the search for a new concept for the twenty-first century. Her book shows that such a development is virtually inevitable, in spite of the despair of our increasingly Godless world, because it is a natural aspect of our humanity to seek a symbol for the ineffable reality that is universally perceived.--Publisher's description.

A History of God Karen Armstrong, 2011-08-10 Why does God exist? How have the three dominant monotheistic religions—Judaism, Christianity, and Islam—shaped and altered the conception of God? How have these religions influenced each other? In this stunningly intelligent book, Karen Armstrong, one of Britain's foremost commentators on religious affairs, traces the history of how men and women have perceived and experienced God, from the time of Abraham to the present. The epic story begins with the Jews' gradual transformation of pagan idol worship in Babylon into true monotheism—a concept previously unknown in the world. Christianity and Islam both rose on the foundation of this revolutionary idea, but these religions refashioned 'the One God' to suit the social and political needs of their followers. From classical philosophy and medieval mysticism to the Reformation, Karen Armstrong performs the near miracle of distilling the intellectual history of monotheism into one superbly readable volume, destined to take its place as a classic. Praise for *History of God* “An admirable and impressive work of synthesis that will give insight and satisfaction to thousands of lay readers.”—The Washington Post Book World “A brilliantly lucid, splendidly readable book. [Karen] Armstrong has a dazzling ability: she can take a long and complex subject and reduce it to the fundamentals, without oversimplifying.”—The Sunday Times (London) “Absorbing . . . A lode of learning.”—Time “The most fascinating and learned study of the biggest wild goose chase in history—the quest for God. Karen Armstrong is a genius.”—A.N. Wilson, author of *Jesus: A Life*

A History of God Karen Armstrong, 1999 In this extensive and original account of the evolution of belief, Karen Armstrong examines Western society's unerring fidelity to the idea of One God and the many conflicting convictions it engenders.

Summary of Karen Armstrong's A History of God Everest Media,2022-07-16T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The origin of the idea of God is unclear, but it is believed that human beings created a God who was the First Cause of all things and Ruler of heaven and earth. He was not represented by images, and had no temple or priests in his service. He was too exalted for an inadequate human cult. #2 The sense of the numinous, which is the underlying basis of religion, is difficult to explain. It is a mysterious force that people feel in different ways. It is sensed in every aspect of life, and people attempt to express their wonder and awe toward it in myths and symbols. #3 In the ancient world, people believed that it was only by participating in the divine life that they would become truly human. Earthly life was believed to be fragile and overshadowed by mortality, but if people imitated the actions of the gods, they would share to some degree their greater power and effectiveness. #4 The ancient world of Mesopotamia, which is now Iraq, had a similar spirituality. The Tigris-Euphrates valley was inhabited by the people known as the Sumerians, who had established one of the first great cultures of the Oikumene. The Sumerians developed their cuneiform script, built the extraordinary temple-towers called ziggurats, and developed an impressive law, literature, and mythology.

Summary and Analysis of A History of God: The 4,000-Year Quest of Judaism, Christianity, and Islam Worth Books,2017-02-14 So much to read, so little time? This brief overview of A History of God tells you what you need to know—before or after you read Karen Armstrong's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of A History of God by Karen Armstrong includes: Historical context Chapter-by-chapter summaries Detailed timeline of important events Important quotes Fascinating trivia Supporting material to enhance your understanding of the original work About A History of God by Karen Armstrong: A History of God is a rich and comprehensive account of the concept of God across thousands of years of human history. Karen Armstrong, a former nun, focuses on Judaism, Christianity, and Islam, with insights into the work of Western history's great theologians and philosophers. Can humanity persist without some idea of God? Far from moving into an era of pure atheism, Armstrong believes that God as a construct is more crucial now than ever. God is not dead, God has not abandoned us, God merely shape-shifts to adapt to new contexts, whether that context is medieval agrarianism, nineteenth-century romanticism, or twenty-first-century post-modern techno-urbanism. Armstrong's in-depth examination of monotheism provides a foundation for the curious novice while not holding back on academic concepts and obscure but fascinating historical accounts. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

A History of English Literature Emile Legouis, Louis François Cazamian, 1927

A History of God Joseph B. Lumpkin, 2016-12-30 In this book we will look at the history and evolution of the three deities making up the bulk of the world's religions and the evolution of the religions formed from the worship of these three deities. We will learn how the Gods of the Jewish, Christian and Muslim faiths have evolved over time.

A History of the English Church: Warre Cornish, F. The English church in the nineteenth century. (2 v.) William Richard Wood Stephens, William Hunt, 1910

God Reza Aslan, 2017-11-07 NEW YORK TIMES BESTSELLER • The author of *Zealot* explores humanity's quest to make sense of the divine in this concise and fascinating history of our understanding of God. In *Zealot*, Reza Aslan replaced the staid, well-worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions. In his new book, Aslan takes on a subject even more immense: God, writ large. In layered prose and with thoughtful, accessible scholarship, Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions. According to Aslan, this innate desire to humanize God is hardwired in our brains, making it a central feature of nearly every religious tradition. As Aslan writes, "Whether we are aware of it or not, and regardless of whether we're believers or not, what the vast majority of us think about when we think about God is a divine version of ourselves." But this projection is not without consequences. We bestow upon God not just all that is good in human nature—our compassion, our thirst for justice—but all that is bad in it: our greed, our bigotry, our penchant for violence. All these qualities inform our religions, cultures, and governments. More than just a history of our understanding of God, this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality. Whether you believe in one God, many gods, or no god at all, *God: A Human History* will challenge the way you think about the divine and its role in our everyday lives. Praise for *God* "Timely, riveting, enlightening and necessary."—HuffPost "Tantalizing . . . Driven by [Reza] Aslan's grace and curiosity, *God* . . . helps us pan out from our troubled times, while asking us to consider a more expansive view of the divine in contemporary life."—The Seattle Times "A fascinating exploration of the interaction of our humanity and God."—Pittsburgh Post-Gazette "[Aslan's] slim, yet ambitious book [is] the story of how humans have created God with a capital G, and it's thoroughly mind-blowing."—Los Angeles Review of Books "Aslan is a born storyteller, and there is much to enjoy in this intelligent survey."—San Francisco Chronicle

The Latter-Day Saints' Millennial Star, 1897

The American Catalogue, 1891

Discovering God Rodney Stark, 2007-10-02 *Discovering God* is a monumental history of the origins of the great religions from the Stone Age to the Modern Age. Sociologist Rodney Stark surveys the birth and growth of religions around the

world—from the prehistoric era of primal beliefs; the history of the pyramids found in Iraq, Egypt, Mexico, and Cambodia; and the great Axial Age of Plato, Zoroaster, Confucius, and the Buddha, to the modern Christian missions and the global spread of Islam. He argues for a free-market theory of religion and for the controversial thesis that under the best, unimpeded conditions, the true, most authentic religions will survive and thrive. Among his many conclusions: Despite decades of faulty reports that early religions were crude muddles of superstition, it turns out that primitive humans had surprisingly sophisticated notions about God and Creation. The idea of sin appeared suddenly in the sixth century BCE and quickly reshaped religious ideas from Europe to China. Some major world religions seem to lack any plausible traces of divine inspiration. Ironically, some famous figures who attempted to found Godless religions ended up being worshiped as Gods. Most people believe in the existence of God (or Gods), and this has apparently been so throughout human history. Many modern biologists and psychologists reject these spiritual ideas, especially those about the existence of God, as delusional. They claim that religion is a primitive survival mechanism that should have been discarded as humans evolved beyond the stage where belief in God served any useful purpose—that in modern societies, faith is a misleading crutch and an impediment to reason. In *Discovering God*, award-winning sociologist Rodney Stark responds to this position, arguing that it is our capacity to understand God that has evolved—that humans now know much more about God than they did in ancient times.

God Dustin Gross, 2025-09-22 Why do we believe in God? Why do we doubt Him? For as long as humans have huddled around firelight, stared at storms, buried their dead, and carved their myths into stone, the whisper of God has haunted us. *God: A History of Belief and Doubt* follows that whisper across time—from cave paintings to cathedrals, prophets to philosophers, empires to exiles, atheists to modern seekers. Dustin Gross tells the story without sermonizing or sugar-coating. With wit, bite, and brutal honesty, he examines how awe gave birth to gods, how power turned gods into empires, how philosophy stretched God into abstraction, how Israel, Christianity, and Islam reshaped belief, and how unbelief has always pushed back with equal force. This is not a book that promises proof. It is a book of story, flesh and blood, history and heresy. You may walk away more convinced or more skeptical—but you will not walk away untouched. Inside you'll find: The primal hunger that birthed gods in caves and firelight How tribal protectors became imperial mascots The radical leap of monotheism and its twin shadow of doubt Incarnation, revolution, and the audacity of God made flesh Islam's uncompromising cry of mercy and oneness Modern skepticism, science, and the survival of belief Belief and unbelief are not enemies. They are twins, locked in an eternal argument. This book is their story—and ours.

The People's Bible: John Joseph Parker, 1893

A History Of God Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. A History Of God Introduction

In today's digital age, the availability of A History Of God

books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of A History Of God books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A History Of God books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A History Of God versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A History Of God books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked,

and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A History Of God books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A History Of God books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A History Of God books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of

acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A History Of God books and manuals for download and embark on your journey of knowledge?

FAQs About A History Of God Books

1. Where can I buy A History Of God books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a A History Of God book to read? Genres: Consider the genre you enjoy (fiction, non-

- fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of A History Of God books?
Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
