Preaching with Their Lives Margaret M. McGuinness,Jeffrey M. Burns,2020-11-03 This volume tells the little-known story of the Dominican Family—priests, sisters, brothers, contemplative nuns, and lay people—and integrates it into the history of the United States. Starting after the Civil War, the book takes a thematic approach through twelve essays examining

Dominican contributions to the making of the modern United States by exploring parish ministry, preaching, health care, education, social and economic justice, liturgical renewal and the arts, missionary outreach and contemplative prayer, ongoing internal formation and renewal, and models of sanctity. It charts the effects of the United States on Dominican life as well as the Dominican contribution to the larger U.S. history. When the country was engulfed by wave after wave of immigrants and cities experienced unchecked growth, Dominicans provided educational institutions; community, social, and religious centers; and health care and social services. When epidemic disease hit various locales, Dominicans responded with nursing care and spiritual sustenance. As the United States became more complex and social inequities appeared, Dominicans cried out for social and economic justice. Amidst the ugliness and social dislocation of modern society, Dominicans offered beauty through the liturgical arts, the fine arts, music, drama, and film, all designed to enrich the culture. Through it all, the Dominicans cultivated their own identity as well, undergoing regular self-examination and renewal.

Journey into Faith and Fidelity Nadine Foley, 1999-01-10 This book is a collection of related stories by members of the Adrian Dominican congregation that reflects the creative movement that has taken place in religious life as women have responded to the inspiration of Vatican Council II as well as to the impact of contemporary culture. While the impetus to renewal came directly from the Church authority, adaptation and change far exceeded what was originally envisioned by those who authorized the process, particularly when the institutes responded to the directive to consult all the members. The contributors to this book trace the most critical influences that moved religious congregations toward a renewed religious life. They embraced a God who does not remain static but who moves in human history, a loving God who relates to us in care and compassion, a Holy Spirit who dwells within and inspires through discernment the decisions and directions that are to be taken, a sense of personal worth and empowerment as women baptized into gospel mission and ministry, a response to Church teaching that action on behalf of justice is constitutive of Gospel mission. In renewing their religious life, women have an important experience to offer the Church for ongoing renewal in the future, as reflection upon these essays and continuing dialogue will reveal.
