Kaveh Akbar

Calling a Wolf a Wolf Kaveh Akbar, 2017-09-25 The struggle from late youth on, with and without God, agony, narcotics and love is a torment rarely recorded with such sustained eloquence and passion as you will find in this collection. --Fanny Howe This highly-anticipated debut boldly confronts addiction and courses the strenuous path of recovery, beginning in the wilds of the mind. Poems confront craving, control, the constant battle of alcoholism and sobriety, and the questioning of the self and its instincts within the context of this never-ending fight. From Stop Me If You've Heard This One Before Sometimes you just have to leave whatever's real to you, you have to clomp through fields and kick the caps off all the toadstools. Sometimes you have to march all the way to Galilee or the literal foot of God himself before you realize you've already passed the place where you were supposed to die. I can no longer remember the being afraid, only that it came to an end. Kaveh Akbar is the founding editor of Divedapper. His poems appear recently or soon in The New Yorker, Poetry, APR, Tin House, Ploughshares, PBS NewsHour, and elsewhere. The recipient of a 2016 Ruth Lilly and Dorothy Sargent Rosenberg Fellowship from the Poetry Foundation and the Lucille Medwick Memorial Award from the Poetry Society of America, Akbar was born in Tehran, Iran, and currently lives and teaches in Florida.

Pilgrim Bell Kaveh Akbar, 2021-08-03 Kaveh Akbar's exquisite, highly anticipated follow-up to *Calling a Wolf a Wolf* With formal virtuosity and ruthless precision, Kaveh Akbar's second collection takes its readers on a spiritual journey of disavowal, fiercely attendant to the presence of divinity where artifacts of self and belonging have been shed. How does one recover from addiction without destroying the self-as-addict? And if living justly in a nation that would see them erased is, too, a kind of self-destruction, what does one do with the body's question, "what now shall I repair?" Here, Akbar responds with prayer as an act of devotion to dissonance—the infinite void of a loved one's absence, the indulgence of austerity, making a life as a Muslim in an Islamophobic nation—teasing the sacred out of silence and stillness. Richly crafted and generous, *Pilgrim Bell's* linguistic rigor is tuned to the register of this moment and any moment. As the swinging soul crashes into its limits, against the atrocities of the American empire, and through a profoundly human capacity for cruelty and grace, these brilliant poems dare to exist in the empty space where song lives—resonant, revelatory, and holy.

Ophelia and Her Forest Friends David Osborn,2020-03-09 Ophelia is a little girl who lives deep in a far-off great forest where her widowed father is a woodcutter and her home a tiny cottage with a thatched roof and flower-filled window boxes. Blessed at birth by fairies, she is friends with all the little forest animals who live around her, and with no school or other children to fill her playtimes, she is never lonely, sharing adventures with many, like Sammy Skunk, Rory Raccoon, Oscar Owl, Betsy Bunny, Patrick Porcupine, Benjamin Beaver, and others—all joining with her in keeping their forest home peaceful and safe.

Rhetoric in Thought and Writing Edward R. Levy,1972

Life on the Malecón Jon M. Wolseth,2013-10-18 Life on the Malecón is a narrative ethnography of the lives of street children and youth living in Santo Domingo, Dominican Republic, and the non-governmental organizations that provide social services for them. Writing from the perspective of an anthropologist working as a street educator with a child welfare organization, Jon M. Wolseth follows the intersecting lives of children, the institutions they come into contact with, and the relationships they have with each other, their families, and organization workers. Often socioeconomic conditions push these children to move from their homes to the streets, but sometimes they themselves may choose the allure of the perceived freedoms and opportunities that street life has to offer. What they find, instead, is violence, disease, and exploitation—the daily reality through which they learn to maneuver and survive. Wolseth describes the stresses, rewards, and failures of the

organizations and educators who devote their resources to working with this population. The portrait of Santo Domingo's street children and youth population that emerges is of a diverse community with variations that may be partly related to skin color, gender, and class. The conditions for these youth are changing as the economy of the Dominican Republic changes. Although the children at the core of this book live and sleep on avenues and plazas and in abandoned city buildings, they are not necessarily glue- and solvent-sniffing beggars or petty thieves on the margins of society. Instead, they hold a key position in the service sector of an economy centered on tourism. Life on the Malecón offers a window into the complex relationships children and youth construct in the course of mapping out their social environment. Using a child-centered approach, Wolseth focuses on the social lives of the children by relating the stories that they themselves tell as well as the activities he observes.
