The Train in the Night Nick Coleman, 2013-09-01 For thirty years Nick Coleman immersed himself in music, from rock'n'roll to pro rock, jazz to classical, until one morning as he sat up in bed, his right ear went stone deaf. His left ear—as though to compensate—started to make horrific noises . . . like the inside of an old fridge hooked up to a half-blown amplifier. *The Train in the Night* explores the world in which a music critic must cope with a world that has abruptly lost its most important element, sound. But Coleman opens more than his struggle; he delves back into his past to examine how music defined his identity, how that identity must be reshaped by its loss, and how at time the memory of the music can be just as powerful as the music itself.

LANGUAGE HACKING MANDARIN (Learn How to Speak Mandarin - Right Away) Benny Lewis,2022-02-03 Crack the Code and Get Fluent Faster! I had to learn [a new language] in a handful of days for a TV interview. I asked Benny for help and his advice was invaluable. - Tim Ferriss What if you could skip the years of study and jump right to speaking Mandarin? Sound Crazy? No, it's language hacking. It's about learning what's indispensable, skipping what's not - and using what you've learned to have real conversations in Mandarin - from day one! Unlike most traditional language courses that try to teach you the rules of a language, Language Hacking Mandarin, shows you how to learn and speak Mandarin immediately through proven memory techniques, unconventional shortcuts and conversation strategies perfect by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. The Method Language Hacking takes a modern approach to language learning, blending the power of online social collaboration and the 80/20 principle of learning (Benny's ten #languagehacks show you how to achieve more with less!). It focuses on the conversations and language that learners need to master right away, rather than presenting language in the order of difficulty like most courses. This means you can start having conversations immediately. Course Features Each of the 10 units culminates with a speaking mission that you can choose to share on the italki Language Hacking learner community (www.italki.com/languagehacking) where you can give and get feedback and extend your learning beyond the pages of the book. The audio for this course is available for free on library.teachyourself.com or from the Teach Yourself Library app. You don't need to go abroad to learn a language any more.
