The Mormon Mirage Latayne C. Scott,2010-08-03 In the first edition of The Mormon Mirage, Latayne C. Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies, inconsistencies, and contradictions in the faith she had loved and lived. Thirty years later, Mormonism and Mormon scholarship have evolved with the times. In this third, revised and updated edition of her well-known book, Scott keeps pace with changes and advances in Mormonism, and reveals formidable new challenges to its claims and teachings. The Mormon Mirage provides fascinating, carefully documented insights into • DNA research's withering implications for the Book of Mormon • the impact of new "revelations" on Latter-day Saint (LDS) race relations • new findings about Mormon history • increasing publicity about LDS splinter groups, particularly polygamous ones • recent disavowals of long-held doctrines by church leadership • the rise of Mormon apologetics on the Internet More than a riveting, insider's scrutiny of the Mormon faith, this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ.

Ashamed of Joseph Steven A. Crane,Charles A. Crane,2011-03-22 Mormon Prophet and Tenth President, Joseph Fielding Smith, once said: Mormonism, as it is called, must stand or fall on the story of Joseph Smith. He was either a prophet of God, divinely called, properly appointed and commissioned, or he was one of the biggest frauds this world has ever seen. There is no middle ground. If Joseph Smith was a deceiver, who willfully attempted to mislead the people, then he should be exposed; his claims should be refuted, and his doctrines shown to be false . . . The doctrines of false teachers will not stand the test when tried by the accepted standards of measurement, the Scriptures. --Doctrines of Salvation, 1:188. Brigham Young, Prophet and Second President offered this challenge: Well, now examine the character of the Savior, and examine the character of those who have written the Old and New Testament; and then compare them with the character of Joseph Smith, the founder of this work . . . and you will find that his character stands as fair as that of any man's mentioned in the Bible. We can find no person who presents a better character to the world . . . than Joseph Smith. --Journal of Discourses, Vol. 14, p.

203. Combining their research in Mormonism to author this work, Charles A. Crane and his son, Steven A. Crane, would like to accept the challenge and show why many, even among the LDS faith, are Ashamed of Joseph.

A Compendium of the Life and Genealogy of Cometan ,2025-02-01 The Compendium of the Life and Genealogy of Cometan is a compilation of years of family history research conducted by Cometan on his maternal and paternal ancestry. The book is formatted as an index of individual family members with key biographical details, photographs and extracts from various sources collected over the years. The book has over 300 pages of life stories of members of the Cottam, Moon, Prescott, Taylor and Warbrick families. The life stories include religious conversions, tragic deaths, details of married life, the births of children, burials, poetry, interviews, extracts of newspaper articles, paintings, wartime stories, emigration, illustrations of key events, religious tracts, details of people's careers, pictures of gravestones and letters. This book embodies an ethnography of the lives of several families in Lancashire using a methodology of family history.

Another Jesus, a Different Spirit, a Different Gospel Steven H. Propp,2011-12-13 Its the Christmas seasonthe most wonderful time of the year for most people in River City, California. But for Jehovahs Witnesses Lawrence and Brad, its a time for them to try to explain the truth about this holiday season to the people of the community. Their earnest efforts may earn them ridicule, disagreement, or a door slammed rudely in their faces, but they persistand are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom. Whereas for Elders Skousen and Marshalltwo Latter-day Saint (Mormon) missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel; but their efforts are often rebuffed, as well. In the course of their work, these two pairs of men engage in dialogue with traditional Christians, as well as members of the Church of Christ; the Community of Christ (RLDS); Seventh-day Adventists; and Oneness Pentecostalsnot to mention skeptics, atheists, and the increasing numbers of people who lack any particular religious beliefs. But when a local church brings in a researcher to give a series of lectures on Cultsand specifically targeting the Jehovahs Witnesses and Mormonsa confrontation is ensured, where theological and biblical concepts collide in a public forum. Who, if anyone, really has the Truth? Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season? Are objections raised about the secularization and rampant commercialism of the modern celebration valid? Spend a holiday season (or any other season) with some interesting and intellectually-stimulating characters, as they explore these and other challenging questions. (Readers of the authors earlier novel, A Multicultural Christmas, will be pleased to see a brief reappearance of two characters from that book.)

The God Makers Ed Decker, Dave Hunt, 1997-11-15 "This book is dynamite! The most powerful thing I've read on the subject. Get your Mormon friends to read it." —Dr. John MacArthur Pastor-Teacher, Grace Community Church, CA Mormons claim to follow the same God and the same Jesus as Christians. They also state that their gospel comes from the Bible. But are they telling the truth? The God Makers, one of the most powerful books to penetrate the veil of secrecy surrounding the rituals and doctrines of the Mormon Church, reveals the inner workings and beliefs of Mormonism. Through personal interviews and well-documented evidence, you'll discover the true nature of the Church of Jesus Christ of Latter-day Saints and its hidden worldwide agenda.

Joseph Smith and the Beginnings of Mormonism Richard L. Bushman, 1987-01-15 The core of Mormon belief was a conviction about actual events. The test of faith was not adherence to a certain confession of faith but belief that Christ was resurrected, that Joseph Smith saw God, that the Book of Mormon was true history and not philosophy, and that Peter, James, and John restored the apostleships.
