The Accidental Jibe and Other Stories Barbara Wolfenden, 2014-08-28 Until the nineteen sixties, proper young women were raised to remain virgins until marriage, to be good mothers and wives, and to depend on husbands for status and economic survival. With the feminist movement, women began to understand they could make decisions regarding their own destiny. Women liked it that they could be equal to men in domestic and public life. Many worked hard to earn that equality. Yet certain issues remain universal - love, controlling partners, career, motherhood and aging subjects of the stories in this book. Equality, however, has brought its kinks to the story. Join author Barbara Wolfenden in *The Accidental Jibe* to explore how women might handle common and not-so-common problems. You will be surprised. These relationship stories are fast-paced and written with beautiful language. Judy Osborne, Author, *Wisdom for Separated Parents: Rearranging Around the Children to Keep Kinship Strong* (Praeger, 2011)

Film Quotations Robert A. Nowlan, Gwendolyn W. Nowlan, 2016-04-30 Certain lines define a movie. Marlene Dietrich in *Morocco*: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in *I'm No Angel*: "I'm very quick in a slow way." Jane Fonda in *California Suite*: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Anais Nin: The Last Days, a Memoir Barbara Kraft, 2011-11-15 I have chosen to reveal the intimacies of Anais Nin's last days as I witnessed them so that the story of her death is not lost. Everything comes back in the mind's eye. Everything comes back in the crucible of the heart. She remains in my psyche all these years later as the most refined and rarified human being I have ever encountered. Thus begins Barbara Kraft's memoir, *Anais Nin: The Last Days*. With her sometimes loving and sometimes raw prose, Kraft has done what no biographer, no scholar, no film could do: capture the humanity, mortality, and essence of one of the twentieth century's most celebrated and yet mysterious literary figures. Anais Nin, noted for her diaries and erotica, was at the height of her fame when she took on Barbara Kraft as a writing student. Quickly, the

two became intimate friends at the moment when both would encounter tragedy: Kraft's impending cataclysmic divorce and Nin's terminal cancer. The circumstances created an environment of interdependency: Nin, despite her failing health, supported Kraft's writing and life decisions, and Kraft became a devoted and untiring part of Nin's support system during her last two years of life. And, as Kraft observes, illness is the great leveler from which none of us is immune. It flushes out all the old, buried truths and puts us in touch with the essential meaning of things. There is no time, no energy for masks, veils, labyrinths, interior cities, or multiple hearts. Death hovered over her, the one reality that Anaïs could not transcend or transmute or transform or levitate with the magic of words. It was a reality she met with a dignity that tore at the heart of all of us who knew her and were close to her. Because of the overwhelming reality of cancer, Anaïs Nin was stripped down to her bare essence, which Kraft captures expertly. She poignantly records not only Nin's stubborn grip on life, but also the heroic efforts that Rupert Pole, Nin's west coast lover, made to shield her from the inevitable pain, agony, and humiliation associated with the disease. It is a monumental tribute to not only those fighting for their lives, but also the forgotten ones--the caregivers. The very personal events in this book can be appreciated by anyone who has gone through terminal disease or know someone who has. So, like Nin herself, the raw reality of Anaïs Nin: The Last Days becomes symbolic, mythical, and universally inspirational.

Song Of Turand Sandra Valencia, 2001-09-14 Turand. A nation abounding in natural beauty. Turandans. A people struggling with the loss of essential connections to their God, their faith and the mystic spirits that long ago inspired them to greatness. Turand now suffers beneath the yoke of enemy occupation by invaders from the distant Sifiq Kingdom. Gregor, known to his subjects as the "Dark King of Turand", lives in the nation's opulent palace, lavishly entertaining enemy officers while his people endure hunger, deprivation and torture. Alexa, a young priestess, is the only member of the once revered Order of Val to have escaped violent persecution and death by the Sifiq. Her courage flows from unyielding faith. When Alexa mysteriously appears in the king's court to plead for the life of her condemned fiancé, Lord Victor Garogan, Gregor is stunned by the power of her presence and her unwavering devotion to his prisoner. Are the legends regarding Valiria priestesses true? Can he possibly risk releasing a prisoner as dangerous as Lord Garogan? More importantly, can he ever escape the bewildering effect of Alexa's haunting, emerald eyes? Merely fantasy? Or, are you one of precious few who will perceive deeper truth?
