The French Language in the Digital Age Georg Rehm, Hans Uszkoreit, 2012-08-20 This white paper is part of a series that promotes knowledge about language technology and its potential. It addresses educators, journalists, politicians, language communities and others. The availability and use of language technology in Europe varies between languages. Consequently, the actions that are required to further support research and development of language technologies also differ for each language. The required actions depend on many factors, such as the complexity of a given language and the size of its community. META-NET, a Network of Excellence funded by the European Commission, has conducted an analysis of current language resources and technologies. This analysis focused on the 23 official European languages as well as other important national and regional languages in Europe. The results of this analysis suggest that there are many significant research gaps for each language. A more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks. META-NET consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses, government agencies, industry, research organisations, software companies, technology providers and European universities. Together, they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020.

"Hors toute intimidation" Myriam Marrache-Gouraud, 2003 Panurge, le moins estimé des personnages rabelaisiens, est souvent traité comme le faire-valoir du géant Pantagruel. Rabelais le convoque cependant si fréquemment et sous des traits suffisamment variés et essentiels à l'intrigue pour qu'il paraisse réducteur de ne voir en Panurge qu'un actant de second ordre. Élément complexe de la trame romanesque, Panurge étonne tout d'abord par son éloquence atypique, dont Myriam Marrache-Gouraud dégage les particularités en les jugeant à celles des autres personnages. Son discours, où s'agrègent des langues diverses, des pièces poétiques, des pastiches et des mélanges déconcertants, résiste à la définition. Le boniment éclectique de Panurge est alors tout proche de la narration. Le discours de Panurge provoque d'une autre manière encore

lorsqu'il décode des signes, notamment linguistiques. Ses audaces interprétatives témoignent d'une habileté autant que d'une méthode inédites. La singularité du personnage tient à cette insolence herméneutique qui multiplie les gloses : elle s'engage toujours au rebours des attentes et des convenances sémiotiques dont elle ne peut se satisfaire. L'excentricité se mesure enfin aux agissements de ce personnage paradoxal : apparentés aux fourberies du gueux littéraire et aux façons du fou de cour, ils surprennent et empêchent la classification. A ce titre, ils confirment le ton du discours. Leur fonction avive celle de la parole : excuse de Rabelais, Panurge endosse le rôle essentiel qui offre à son auteur d'esquiver les attaques de la censure. Toujours innocente, et pourtant très corrosive, cette voix de fiction introduit dans le roman l'office rempli par la carte du Mat dans le jeu de tarot.
